

HD ULTIMATE NAIL MASTERS EDUCATION PROGRAMME

This ultimate nail master's programme has been created and designed through the feedback from students who wanted a clear pathway on how to get to a "masters" level. As Nail technicians and educators we never stop learning as there is always something new and exciting for us. We have a huge array of 1 day classes and courses for complete beginners through to the most advanced techniques and these can all be taken at your leisure whenever you want to and choose the pathway that best suits you. This master's programme is for those who have a clear goal and know what they want to achieve and we believe that this programme will achieve the results you're looking for as a "master".

You asked and we delivered !

This programme has been broken down into several different levels/stages making it easier for you to set your mini goals and have the right courses available in an easy to follow format and that deliver on the skills and techniques needed to help push you to be the best master nail technician you can be. There are both technical pathways and artistic pathways for you to choose from or you can complete both to achieve the Ultimate Master Pro level.

Taught by our multiple award winning team

Each class you take as part of this programme will be assessed and when you have successfully completed each stage you will receive

An awesome certificate for each stage successfully completed

Discount on classes available**

Discount code valid for 1 year *on www.hazeldixonnails.com**

On-going support and guidance

A logo which you can use on all your promotional materials and photos to showcase your achievements

Further possible opportunities within the HD brand

Each stage booked must be fully completed within 12 months

**discounts on classes are valid only when all 4 x deposits are paid for each class within that stage at time of booking. Please read our terms and conditions before booking any classes as all deposits and balances are strictly non-refundable & non-transferable

To reach the level of Ultimate Master Professional, you need to successfully complete all stages of the Nail Artist Pathway and all stages of the Technical/Structure Pathway and the **ULTIMATE MASTER PRO** assessment day.

The ultimate master pro assessment day will be arranged for a suitable date once all stages are completed.

NAIL ARTIST PATHWAY

4 Stages

Stage 1

This is Stage 1 of the Nail Artist pathway that forms part of our Ultimate Nail Master Pro Education Programme.

There are 4 classes in this stage that must be successfully completed to receive your **HD NAIL ARTISTE** certification.

These 4 classes will give you an introduction to the core artistic skills needed along with the knowledge & understanding of various mediums. This will give you a good foundation on which to build on. This stage should be completed before moving on to Stage 2 of the Nail Artist programme.

Please note that some classes will require a pre-requisite to be able to attend, see each individual course listing for what is required.

- 1) Precision Painting Intro Class
- 2) Aquarelle Intro Class
- 3) Gel Polish Design Class
- 4) Mixed Media Intro Class

Stage 2

This is Stage 2 of the Nail Artist pathway that forms part of our Ultimate Nail Master Pro Education Programme.

There are 4 classes in this stage that must be successfully completed to receive your **HD SALON ARTISTE** certification.

These 4 classes will push you hard to use your knowledge and skills to challenge you to take your nail artistry to a whole other level. These classes will continue to build on the skills you learnt in stage 1.

Please note that some classes will require a pre-requisite to be able to attend, see each individual course listing for what is required.

- 1) Acrylic & 3D Design class
- 2) Gel One stroke class
- 3) Gel Painting level 1 class
- 4) Salon Trends class (seasonal variations)

Stage 3

This is Stage 3 of the Nail Artist pathway that forms part of our Ultimate Nail Master Pro Education Programme.

There are 4 classes in this stage that must be successfully completed to receive your **HD PRO ARTISTE** certification.

These 4 classes will push your knowledge, skills and challenge you to take your nail artistry to the next level. These classes will continue to build on the skills you learnt in stage 1 & 2. This stage should be completed before moving on to stage 4 of the Nail Artist programme.

Please note that some classes will require a pre-requisite to be able to attend, see each individual course listing for what is required.

- 1) Ombre & Swirls Design Class
- 2) Flat 3D level 1 class
- 3) Crystal Creations Design Class
- 4) One-stroke level 2 Class

Stage 4

This is Stage 4 of the Nail Artist pathway that forms part of our Ultimate Nail Master Pro Education Programme.

There are 4 classes in this stage that must be successfully completed to receive your **HD ULTIMATE ARTISTE** certification.

These 4 classes will push you hard to use your knowledge and skills to challenge you to take your nail artistry to a whole other level. These classes will continue to build on the skills you learnt in stage 1,2 & 3.

Please note that some classes will require a pre-requisite to be able to attend, see each individual course listing for what is required.

- 1) Fantasy Class
- 2) Character Art Class
- 3) Flat 3D level 2 Class
- 4) Airbrush Design Class

TECHNICAL SKILLS PATHWAY

4 Stages

Stage 1

This is Stage 1 of the Nail Technical pathway that forms part of our Ultimate Nail Master Pro Education Programme.

There are 4 classes in this stage that must be successfully completed to receive your **HD NATURAL NAIL PRO** certification.

These 4 courses will give you an introduction to the core basic technical skills needed along with the knowledge & understanding. This will give you a good foundation on which to build on. Manicure & Pedicure must be completed first before any of the other classes in this Stage. This stage should be completed before moving on to Stage 2 of the Nail Technical programme. If you have completed one of our combined foundation courses these also can be used towards completion of this stage.

Please note that some classes will require a pre-requisite to be able to attend, see each individual course listing for what is required.

- 1) Manicure Course
- 2) Pedicure Course
- 3) Gel Polish Course
- 4) Build It Up Foundation Course

Stage 2

This is Stage 2 of the Nail Technical pathway that forms part of our Ultimate Nail Master Pro Education Programme.

There are 4 classes in this stage that must be successfully completed to receive your **HD SALON PRO** certification.

These 4 courses will give you an introduction to the core basic technical skills for enhancements needed along with the knowledge & understanding. This will give you a good foundation on which to build your enhancement skills on. The beginners or foundation course must be completed first before any of the other classes in this Stage. This stage should be completed before moving on to Stage 3 of the Nail Technical programme.

If you have completed one of our combined foundation courses these also can be used towards completion of this stage.

Please note that some classes will require a pre-requisite to be able to attend, see each individual course listing for what is required.

- 1) Acrylic Enhancements Course*
- 2) Hard Gel Enhancements Course*
- 3) Salon Shapes & Speed Class
- 4) E-file Class

* One of these must be a beginners course, the other will be a progression course depending on which one you choose to complete first.

Stage 3

This is Stage 3 of the Nail Technical pathway that forms part of our Ultimate Nail Master Pro Education Programme.

There are 4 classes in this stage that must be successfully completed to receive your **HD MASTER PRO** certification.

These 4 classes will push your knowledge, skills and challenge you to take your technical skills to the next level. These classes will continue to build on the skills you learnt in stages 1 & 2, concentrating on sculpting, correct structure, french and various shapes. This stage should be completed before moving on to stage 4 of the Nail Technical programme.

Please note that some classes will require a pre-requisite to be able to attend, see each individual course listing for what is required.

- 1) Acrylic & Gel Sculpting
- 2) Edge & Razor Shapes Class
- 3) French Perfection Class
- 4) Stiletto & Russian Almond Shapes Class

Stage 4

This is Stage 4 of the Nail Technical pathway that forms part of our Ultimate Nail Master Pro Education Programme.

There are 4 classes in this stage that must be successfully completed to receive your **HD ULTIMATE PRO** certification.

These 4 classes will push you hard to use all your knowledge and existing skills to challenge you and take you to a whole other level. These classes will continue to build on the skills you learnt in stage 3.

Please note that some classes will require a pre-requisite to be able to attend, see each individual course listing for what is required.

To reach the level of Ultimate Master Professional, you need to successfully complete all stages of the Nail Artist Pathway and all stages of the Technical/Structure Pathway.

- 1) Ultimate Stiletto & 3D Class
- 2) Ultimate Butterfly Extreme Shapes Class
- 3) Ultimate Dragon Extreme Shapes Class
- 4) Pink & White Competition Class

Additional Information

We understand that some students & techs may have previously completed some of the courses required for this programme but criteria & course content changes regularly to keep up with our high industry standards. If you feel confident that you have the skills & training required already for a particular class/course please state this on your registration form. We will then be able to arrange an assessment day/s for you and you will be asked to complete the necessary case studies/portfolio relevant to those classes. The fee for these assessment days are £150 and will usually run from 10am-4pm.

We pride ourselves on offering our students ongoing support not only throughout their course but afterwards too. We have multiple support groups and pages across social media as well as email contact that is checked daily. We want you to be the very best and were here to guide and support throughout.

All details for the various ways you can contact us and get continuous support will be given on your class.

In addition to this we introduced the online student portal in summer 2020 and we have had great feedback from students that have found all the additional resources invaluable to their ongoing learning.

Each stage of this programme that is booked must be completed within 12 months from the date of the first class. This is due to the ever changing and fast paced industry we are in, new techniques and products are being developed continuously and we want to ensure your up to date with them all.

Some of the courses for this programme require our online theory to be successfully completed first before any practical days. This theory is detailed and in depth to give you all the basic knowledge & understanding needed for a great foundation. During your classes you will also get lots of additional information on safe techniques and the chemistry behind the products.

In addition to this for many of the core technical classes and some art classes will require a portfolio of work you've created. This forms an integral part of your ongoing development and these are done outside of your practical days. The hours needed for each portfolio will differ depending on the course. If you have any questions about this please email us.

FAQ'S

Q; I have previously completed some of the classes listed, do I have to re-do the class again?

A: Standards, criteria, assessments and requirements for each class/course change regularly so it is important that your training is up to date. If you feel that you have the skills & training required already for a particular class/course please state this on the registration form. An assessment day and all case studies related to that particular class can be arranged for you instead of having to retake the whole class – this can be discussed with your educator prior to booking. There is a fee for assessment days.

Q: Do I have to complete every stage in each pathway?

A: No, you can choose just 1 stage and complete the classes within it. We highly recommend though that each stage is completed before moving on to the next one, ie: stage 1 first then stage 2 etc

Again if you feel you are highly experienced but would like to still complete our master's programme, please use the registration form and state your previous qualifications as arrangements can be made for assessments.

Q: How long does each stage take to complete?

A: This does depend on the individual and how much time they can dedicate to each class. Generally speaking most students will complete each stage within 6-12 months.

Q: Is there a time limit to complete each stage?

A: Yes, as standards & criteria change in a fast paced industry each stage must be completed within 12 months max. If it is not and you require an extension then an extra fee will be payable to your educator.

Q: Can this programme be completed online?

A: No, all classes need to be taken in-house, we believe there is no substitute to having an educator with you in class while your working to ensure the very best results for you.

Q: How will I know what products to bring?

A: A kit list will be sent out via email that details the products you'll need to bring with you.

Q: If I book classes and then cancel, can I get a refund or transfer?

A: Due to the nature of this programme and how it works, we cannot offer refunds or transfers to other courses/dates. Please ensure you can attend & commit to the dates given when booking to avoid any disappointment.
