SETTING THE TIME

1. Pull the Crown out to Position 2 (see diagram) when the Second Hand is at the 12 o'clock position.

2. Turn the Crown in either a clockwise or counter clockwise direction until the desired Hour and Minute are obtained.

NOTE: When setting the Minute Hand, turn the Crown so that the Minute Hand is four to five minutes ahead of the desired time. Then, turn the Crown counter clockwise to the desired Minute.

3. Push the Crown back in all the way to re-engage time keeping.

USE OUR NATIONWIDE SERVICE CENTERS. YOU CANNOT RETURN WATCH FOR SERVICE WHERE IT WAS PUR- CHASED.

If your watch requires cleaning, lubrication, battery changing, or needs a crystal replaced, Armitron Adventure approved Service Centers are available in your area. These repair facilities use Armitron Adventure parts and components to assure quality and future performance. Free estimates are available in advance, should you need servicing or repairs not covered under the warranty. Repairs covered under the warranty may require proof of purchase, so retain the purchase receipt.

WATER RESISTANCE

This is a **WATER RESISTANT** watch. Do not operate push buttons below the surface of the water. Should water or condensation appear

SETTING THE DATE

- 1.** Pull the Crown out to Position 1.
- 2.** Turn the Crown counter clockwise until the desired Date is obtained.

NOTE: Do not set the Date between 9:00pm and 1 :00am. If the Date changes during the daytime, advance the Hour Hand by 12 hours.

VISIBLE 247™ FEATURE

NOTE: Visible247 technology delivers the world's highest performing glow in the dark, injection moulded plastics, including watch dials. Dials "Powered by Visible247™ technology absorb energy from light and use this energy to emit their own light when its dark. The dials are made from a patented materials matrix containing phosphors of strontium oxides that have been doped with rare earth metals including europium and dysprosium (these provide the glow) along with proprietary polymer alloys and specialised colorants. Dials are not radioactive and are non-toxic. Products uPowered by Visible247™ have been certified safe for a wide range of uses including children's toys.

• Operating Time

With a full charge, the watch will operate for approximately 4 hours.

RECHARGING THE WATCH

Expose the watch to a light source; for example, the sun or a fluorescent light.

NOTE: Do not place the watch too close to the light source as the watch could overheat which could damage the parts inside. Make sure that the watch temperature does not exceed 50°C. To prevent energy depletion, avoid covering the watch.

GUIDELINES FOR CHARGING THE WATCH

- Under Fluorescent light (30W 20cm; 3,000 Lx), Full charge, 60 hours; 1 Day's Charge, 25 Minutes
- Under Sunlight (Clear sky; 100,000 Lx), Full charge, 5 hours; 1 Day's Charge, 2 Minutes

in the watch, immediately have the watch checked. Water can corrode electronic parts inside the case.

RETURN YOUR WATCH FOR SERVICING

Please call **(718) 482-4195** for a listing of all approved and authorized service centers and locations, or visit our website at:

WWW.ARMITRON.COM

YOUR WATCH SHOULD NOT BE RETURNED TO THE PLACE OF PURCHASE. Carefully pack your watch in a sturdy box (do not send in a gift box for same will not be returned) and mail to the nearest approved authorized service station. Because of possible loss, we recommend that you insure the watch, return receipt requested, when using the mail. If you do not receive a receipt within a reasonable time, start a tracer through the originating post office. Never include a special watch band or any other article of personal value in your shipment.
