POWER BUTTON

To turn on, press the power button 5 times fast.

LED SPOTLIGHT

The light turns on whenever the button is pressed.

Pressing the button heats the tip simultaneously.

BATTERY LIGHT

To turn on, press the power button 5 times fast.

- When in use or charging
- When OFF or not in use
- Blinking Red = Need to Charge

● Note: Light will flash 15 times when the battery needs to be charged. If there is connection issues, light will flash 4 times.

SAFE SESH CYCLE

Stops heating after 10 seconds to prevent overheating.

AUTHENTICATION CODE

Remember to register your product. Instructions are found above.

FLEX TEMP (2.0-4.0V)

Twist the dial at the bottom of the battery to select a temperature for the heated tip.

Twist hot knife kit

HOW TO USE

1.

Prepare your concentrates & the device or dab rig you're planning to use.

2.

Click the button 5x to turn the device on.

3.

Load extract onto the ceramic tip.

4.

Press the button to heat the tip & shine the LED spotlight.

5.

Aim the tip & drop the dab right into your atomizer or banger.

HOW TO CHARGE

Type-C:

Plug the type-C charging cord into the port located near the button, using a wall outlet or power strip.

Don't let low battery slow you down! Enjoy pass-through charging and use your Twist Hot Knife while it's charging with the cable.

Ooze Smart USB

(Sold Separately): Unscrew the Hot Knife tip from the battery and screw on the 510 thread charger.

Plug the USB end into a wall adapter or power strip, charge with a wall outlet.
