## NEW X-PRO EARPLUG

### DESCRIPTION

NEW X-PRO Ear Plugs offer the ability to decide which mode you want to be in: Open or Closed.

- The Open Mode allows you to hear sound around you and then protects when loud sounds hit your ears,
- The Closed Mode provides total hearing protection and there is no sound pass-through.

These are small and portable so they can go anywhere with you, so you always have hearing protection when needed.

### FEATURES

- Hearing Protection (10-18dB SNR)
- Hear Through
- Toggle Switch for Mode Option
- Sweat & Water Resistant
- Multiple Sizes Included

## XP DEFENDER

### DESCRIPTION

XP Defender Ear Plugs offer the ability to decide which mode you want to be in: Open or Closed.

- The Open Mode allows you to hear sound around you and then protects when loud sounds hit your ears,
- The Closed Mode provides total hearing protection and there is no sound pass-through.

These are small and portable so they can go anywhere with you, so you always have hearing protection when needed.

### FEATURES

- Hearing Protection (10-18dB SNR)
- Hear Through
- Toggle Switch for Mode Option
- Sweat & Water Resistant

# XP REACTOR

## DESCRIPTION

XP Reactor offers you one of the most innovative sound filtering solutions yet. With the Dynamic Mesh Filtering System, you will hear normal sounds clearly, as well as automatically screen any loud, damaging sounds out to protect your hearing. You'll get 33 dB SNR against loud impulse sounds while still maintaining normal hearing. You'll also have 5 dB SNR hearing protection against general sounds.

## FEATURES

- Hearing Protection (up to 25dB SNR)
- Sweat & Water Resistant
