## GROUP ORDER INFO

Group orders of $12-19$ pieces receive $15 \%$ off all brands. 20 or more pieces receive $20 \%$ off except for The North Face. For the North Face, our contract allows up to a $15 \%$ discount.

For orders of 20 or more, in any brand, you receive a free piece as the organizer. The free piece must be of the same value, and can not exceed the value of the average jacket price. (It is not a free piece for every 20 jackets).

Shipping is free, in the continental US. There are no taxes on clothing from Massachusetts.
You can also mix styles of jackets and colors, so some can have a $20 \%$ discount and some a $15 \%$ discount. You may also mix designs and thread colors.

The price includes one chest location with a stitch count of 10 K stitches or less. As an example all of our current designs that we offer with the exception of design \#3, the split caduceus, are 10 K and under. Larger designs will have an additional cost.

If you would like an additional location of embroidery (opposite chest or sleeve) the cost is $\$ 7$ and is not discounted. Back designs are priced based on design size and stitch count. Heat transfer applications are also available upon request.

If you would like to use your own logo there is a $\$ 30$ digitizing setup fee for orders under 20 pieces. 20 pieces and over the fee is waived. We require a high resolution image of your logo. If you plan to use your own logo and it has been embroidered before, it would be helpful if we could see a photo of it to help guide our digitizer.

The digitizing fee may be waived if the design is simple and something that we can do in house. For designs 10K stitches and under there is no additional cost per jacket. Designs over 10K stitches there will be an additional charge based on stitch count.

All orders must be typed and submitted in either an excel or google sheet format so that we can sort the orders. If you let me know the jacket(s) you are interested in, I will create an order form for you.

How it typically works is once I've answered all of your questions, you collect the orders, and submit the spreadsheet. Once I receive it I will then send you an invoice, and once it's paid we will get everything ordered.

Please let me know if you have any questions!
We look forward to working with both you and your group,

Kathy MacMannis BSN RN
