Advanced Plant Processing/ Advanced Extractions
17999 County Road 4
Brighton, CO 80603

To Whom It May Concern:

Advanced Plant Processing/ Advanced Extractions, the manufacturer of **Advanced Plant Processing/ Advanced Extractions Bulk CBD Isolate**, industrial hemp-derived products, has submitted written information to the Public Health Inspections Division of the Denver Department of Environmental Health ("the Department") regarding their manufacturing facility and processes. Advanced Plant Processing/ Advanced Extractions sources industrial hemp from Colorado Department of Agriculture registered farms to use an ingredient in their products. The submitted information was reviewed to determine if Advanced Plant Processing/ Advanced Extractions, manufacturing facility operates under comparable sanitation standards as is required for Denver food manufacturers. Based on the submitted information, the Department considers Advanced Plant Processing/ Advanced Extractions, manufacturing facility in Brighton CO to be an approved source facility that appears to meet minimum standards set forth in the Denver Food Establishment Regulations.

Advanced Plan Processing/ Advanced Extractions, is approved to sell the above noted food products in Denver. Any changes to the industrial hemp source, production facility, or processing of the above noted products may result in a change to this approval. Furthermore, approval may be rescinded or conditions adjusted at any time if new information becomes available about risks of the product. Any changes to the processing facility or the above noted product must be submitted in writing and approved in advance by the Department for continued approval to sell the products in Denver.

Please note that the jurisdiction of this Department applies to the City and County of Denver only, and the scope of this approval applies to Advanced Plant Processing/ Advanced Extractions, products sold in Denver. This Department has no direct jurisdiction over the Advanced Plant Processing/ Advanced Extractions, manufacturing facility in Brighton.

The Department recommends maintaining this approval available upon request and providing a copy to Denver businesses where the product is sold. A second copy will be maintained on file at the Department.

Kind regards,

Danica Lee
Director
