### **PATENT PENDING FORMULA**

#### **BOOYAH CLEAN® BOAT WASH - Ingredients Disclosure**

Water - CAS # - 7732-18-5

Surfactant - a naturally derived surfactant made from renewable raw materials including corn, and the oils from coconuts and palm kernels. It is non-ionic and it increases soil removal and emulsification. CAS # - Trade Secret

Chelant - an environmentally friendly chelate that prevents rancidity and extends shelf-life. It is also biodegradable. CAS # - Trade Secret

Polysaccharide gum- used as a thickening agent and a ster to prevent ingredient separation. CAS # - Trade Secret

Beta-hydroxytricarboxylic Acid - a natural substance that is water-soluble and is of low toxicity and low aquatic toxicity. CAS # - Trade Secret

Phthalocyanine Dye - is a blue green dye that gives BOOYAH BOAT WASH it's turquoise coloring. CAS # - Trade Secret
