

VINYL DECAL PLACEMENT GUIDE

1. CLEAN

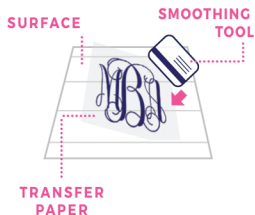

Clean the surface area you wish to personalize and let dry completely.

2. PREP

Firmly press the clear transfer paper to the decal. Then slowly peel off paper backing, leaving the decal on the transfer paper.

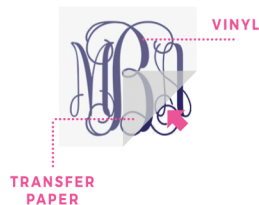

3. APPLY

Line up your decal and place the top portion to the desired area. Slowly apply pressure in a downward motion to ensure any air bubbles are removed.

PRO TIP: A credit card makes the perfect smoothing tool!

4. FINISH

Gently remove transfer paper to reveal your vinyl decal.

ENJOY!
