Delray Beach, FL 33445

DATE OF PREP: 7/17/98 REVISED: 6/24/09

SECTION 1. PRODUCT IDENTIFICATION

PRODUCT NAME:
Max Wear Resistant UV Cure Wood Floor Topcoat with Aluminum Oxide
Spdi5891AO-xx all versions

PRODUCT CLASS:
Mixture of UV Curable Oligomers, Monomers, Photoinitiators, and Additives

DOT CLASSIFICATION:
Not-Regulated

SECTION 2. HAZARDOUS INGREDIENTS

HAZARDOUS MATERIALS IDENTIFICATION SYSTEM:
Health: 2 Flammability: 1
Reactivity: 2

SECTION 4.  FIRE AND EXPLOSION DATA

FLASH POINT: not determined          FLAMMABILITY CLASS: not determined
EXTINGUISHING MEDIA: Water, CO2, or chemical apparatus
UNUSUAL FIRE AND EXPLOSION HAZARDS: High temperatures and fire conditions may cause rapid and uncontrolled polymerization which can result in explosions and the violent rupture of storage vessels or containers. Frothing may occur with the use of a direct stream of water.
SPECIAL FIRE FIGHTING PROCEDURES: Remove all ignition sources. Wear self-contained breathing apparatus and complete personal protective equipment when entering confined areas where potential for exposure to vapors or products of combustion exists.

SECTION 5.  HEALTH HAZARD DATA

THRESHOLD LIMIT VALUE: See section 2.
EFFECTS OF OVEREXPOSURE:
EYE: May cause irritation and possible damage to cornea
SKIN: Slightly toxic. Prolonged contact may cause irritation, dermatitis, and/or possible sensitization. Since irritation may not occur immediately, contact can go unnoticed.
INHALATION: Low volatility makes vapor inhalation unlikely. An aerosol can be irritating. Excessive and prolonged aerosol inhalation may cause nasal and respiratory irritation, dizziness, weakness, fatigue, nausea, and headache.
INGESTION: May cause headache, nausea, vomiting and weakness.

EMERGENCY AND FIRST AID PROCEDURES:
EYE: Flush with clean, lukewarm water for 15 minutes and seek medical attention.
SKIN: Remove contaminated clothing and wash affected skin areas with soap and water. Particular attention should be paid to hair, nose, ears, and other areas not easily cleaned. Wash clothing prior to re-use. Note to physician: Effects may be delayed 24 to 48 hours.
INHALATION: Remove to fresh air, apply artificial respiration or administer oxygen if necessary. Call a physician for serious symptoms.
INGESTION: If appreciable quantities are swallowed, seek medical attention.

SECTION 6.  REACTIVITY DATA

STABILITY: Normally Stable
INCOMPATIBILITY: Avoid strong oxidizing agents
HAZARDOUS DECOMPOSITION PRODUCTS: CO2 and/or CO
HAZARDOUS POLYMERIZATION: May occur. Uncontrolled polymerization may cause rapid evolution of heat and increased pressure that could result in a violent rupture of sealed storage vessels or containers.
CONDITIONS TO AVOID: Storage > 100 deg. F, exposure to light, contamination with incompatible materials, and inert gas blanketing.

SECTION 7.  SPILL OR LEAK PROCEDURES

STEPS TO BE TAKEN IN EVENT OF SPILL OR RELEASE:
    Equip persons with appropriate safety equipment (see section 8.). Dike around spilled material, apply absorbent material and shovel into container. Remove container to safe area and seal.
WASTE DISPOSAL METHODS:
    Waste material must be disposed of in accordance with federal, state and local environmental regulations.

SECTION 8.  SPECIAL PROTECTION INFORMATION
RESPIRATORY PROTECTION:
When exposed to aerosol vapors, use full face organic vapor cartridge respirator with particulate pre-filter. In emergency situations, use self-contained breathing apparatus or other air supplied full face respirator.

VENTILATION:
Local exhaust

PROTECTIVE GLOVES:
Natural rubber or neoprene gloves recommended. A combination of barrier cream, applied before exposure, is recommended. Do not apply cream after exposure.

EYE PROTECTION:
Safety glasses with side shields

OTHER EQUIPMENT:
Eye wash and safety shower recommended

SECTION 9. SPECIAL PRECAUTIONS

PRECAUTIONS TO BE TAKEN IN HANDLING AND STORAGE:
Protect containers from damage and storage in extremes of heat or cold. Protect from light and store below 100deg F.

OTHER PRECAUTIONS:
Solvents should not be used to clean skin as hazards associated with skin penetration may be experienced.

SECTION 10. REGULATORY INFORMATION

TRANSPORTATION CLASSIFICATIONS:
US DOT Shipping Name: not applicable
US DOT Hazard Class: not regulated
DOT Label's: none

EMERGENCY PLANNING & COMMUNITY RIGHT-TO-KNOW (SARA TITLE III):
Section 311/312 Categorizations (40CFR 370) - Supplier notification under SARA Title III
Section 313 is not required for this product. The hazard classifications for this product are listed below:
Immediate (acute) health hazard
Delayed (chronic) health hazard
Reactive hazard

Section 313 Information (40CFR 372) - This product does not contain a chemical which is listed in Section 313 at or above de minimis concentrations.

Releases of this material to air, land, or water are not reportable to the National Response Center under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) or to state and local emergency planning committees under the Superfund Amendments and Reauthorization Act (SARA) Title III Section 304.

RCRA INFORMATION:
This product has not been tested as a waste. Based on our knowledge of this product, its raw materials and processes employed during its manufacture, we believe it is unlikely that this product is a hazardous waste for Federal RCRA purposes. We recommend that you carry out your own tests and evaluations prior to discarding any materials.

CHEMICAL CONTROL LAW STATUS:
All components of this product are listed or are excluded from listing on the U.S. Toxic Substances Control Act (TSCA) Chemical Substance Inventory.

STATE RIGHT-TO-KNOW LAWS:
Any material not listed in SECTION 2. of this MSDS is "Not Hazardous" and is a trade secret under the provisions of the Minnesota Worker and Community Right-to-Know Act.

CALIFORNIA PROPOSITION 65:
This product is not subject to California Proposition 65 notification requirements.
The information in this MSDS was obtained from sources which we believe are reliable. The information, however, is provided without any representation or warranty, expressed or implied, regarding its accuracy or completeness.

The conditions of handling, storage, use and disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product.
