SPDI warrants that the equipment registered is free of defects in materials, workmanship and design, meets the specifications and will comply with the implied warranties of merchantability and fitness for a particular use. All of the above warranties shall be in effect for any defects for any equipment which may appear under normal and proper use within twelve (12) months of installation and/or startup of the equipment or twelve (12) months from date of manufacture, whichever comes first. It is necessary to immediately report notice of any defect in the equipment. SPDI will perform appropriate analysis to determine warrantability.
