

Wall sticker Instructions

When applying our wall sticker, please make sure that the wall surface is clean and free of water.

1. Clean the surface where you are going to apply the sticker thoroughly.

Make sure the surface is completely smooth; otherwise the sticker may fall off easily

2. Slowly, peel the sticker off of the sheet.

3. Paste the sticker where desired.

4. Wipe down the sticker gently in a wiping motion to eliminate hair bubbles with a rubber squeegee. You can use a credit card or something similar if you don't have a rubber squeegee and voila!
