

LeatherZ Toyota Prius GenIII Armrest

Rather than sell a stick on pad for the Toyota Prius GenIII Center Armrest, I strip the stock armrest, add ¼" of padding and then recover the armrest in your choice of materials. If you wish to save the cost of a complete, new armrest, you can send me yours and I will work off of it. This will save you the \$90 it costs me to buy a new armrest. **This modification is permanent.**

If you wish to send me your stock armrest to be recovered, please fill out this form and include it with the armrest. When sending your armrest, please include either a check or your credit card information (it helps if I get this with the armrest). It will take me a few days once I receive your armrest to recover it. I will go as fast as I can, but I will not sacrifice quality for speed.

Please mail your armrest, this form and payment to:

**Andy Maddux
4504 W. 94th Street
Prairie Village, KS. 66207**

!Attention! Please insure your package for at least \$90!
