

Options for Tight Corners

3" Valances

(hardwire or wall adapter only – no battery power)

Please contact us for other options
solutions@leviosashades.com

Advantages:

- More light blockage – to corner
- One set of brackets per shade

Disadvantages:

- Slightly larger gap $\sim 7/8$ "

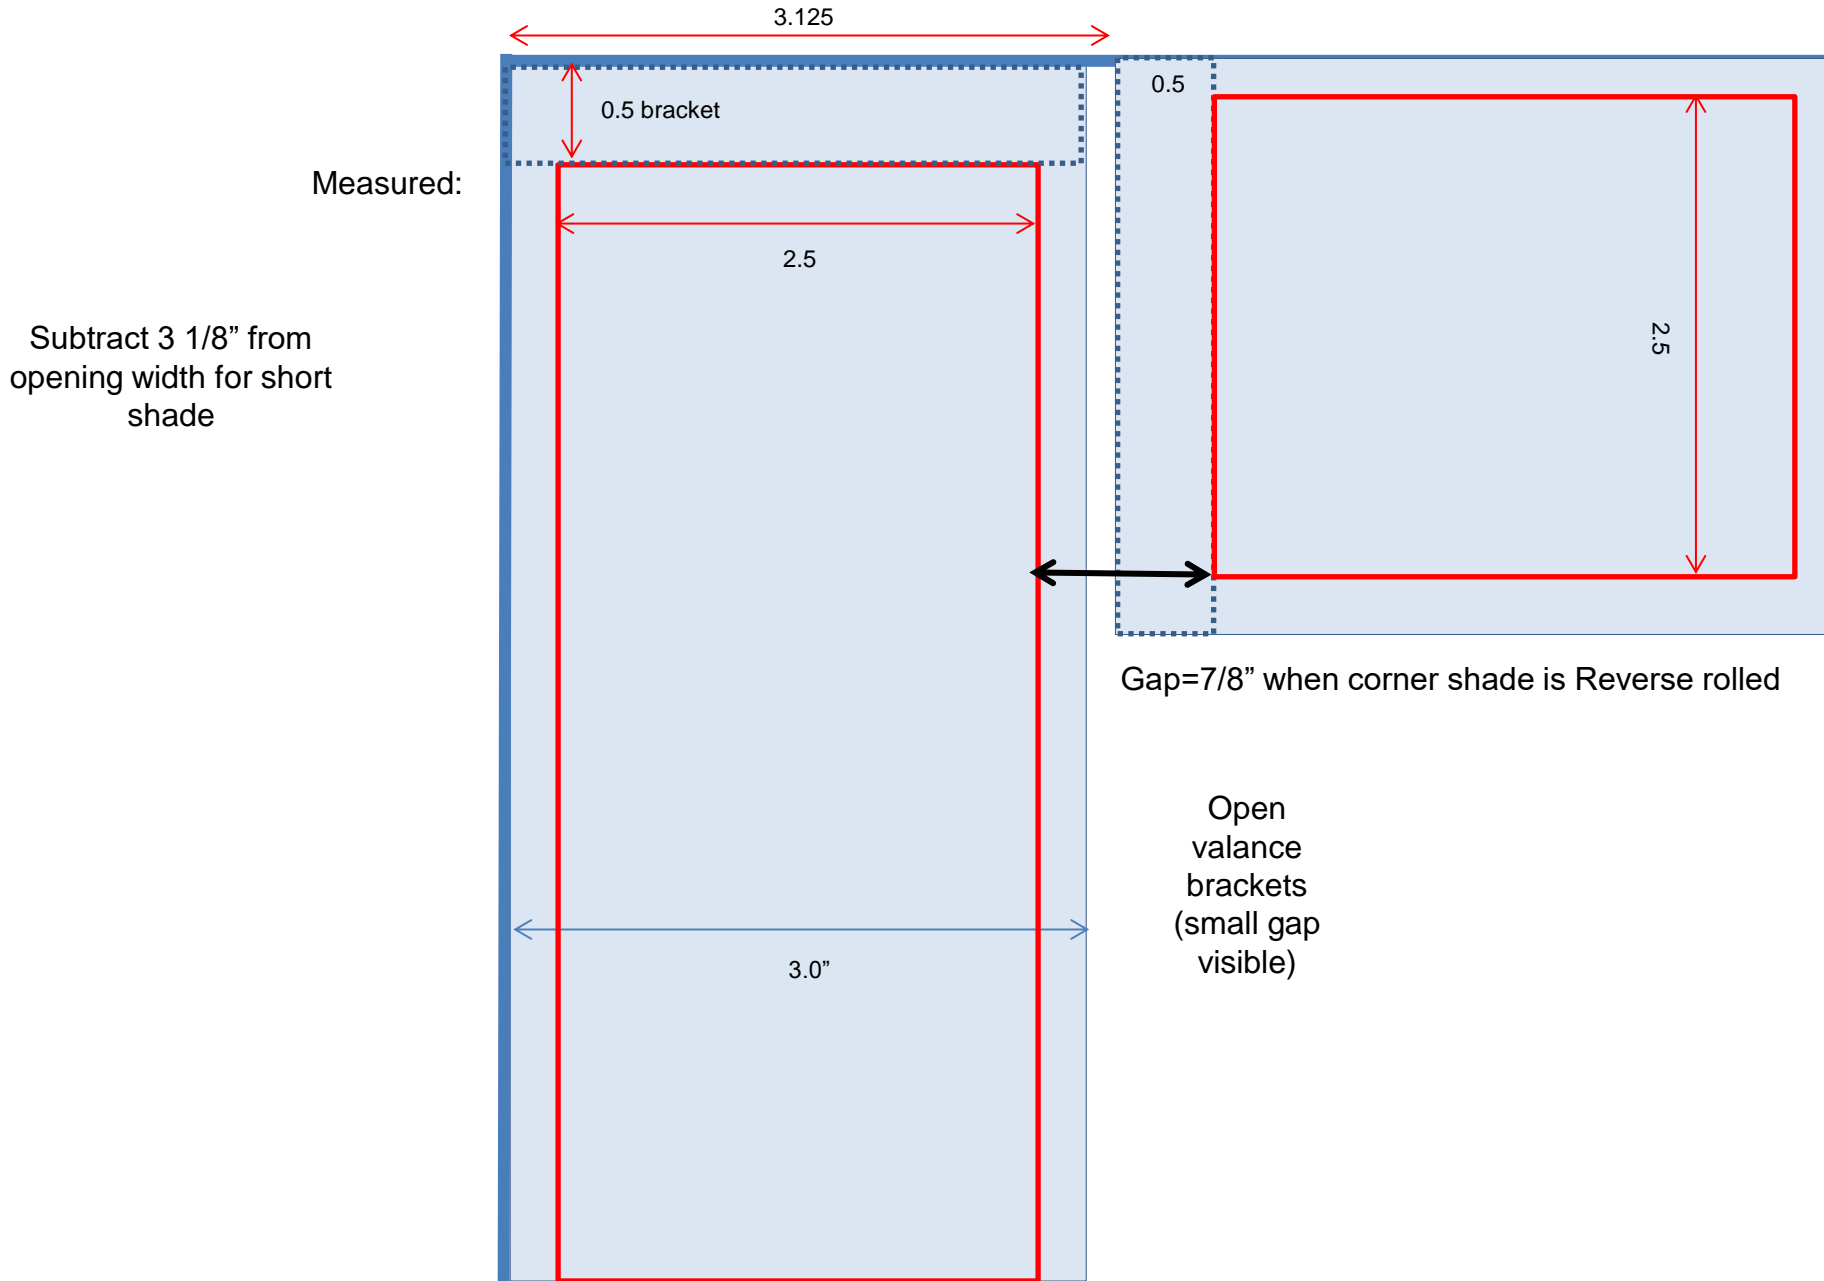

Advantages:

- Smallest gap $\sim 3/8 - 1$ " (when reverse rolled)

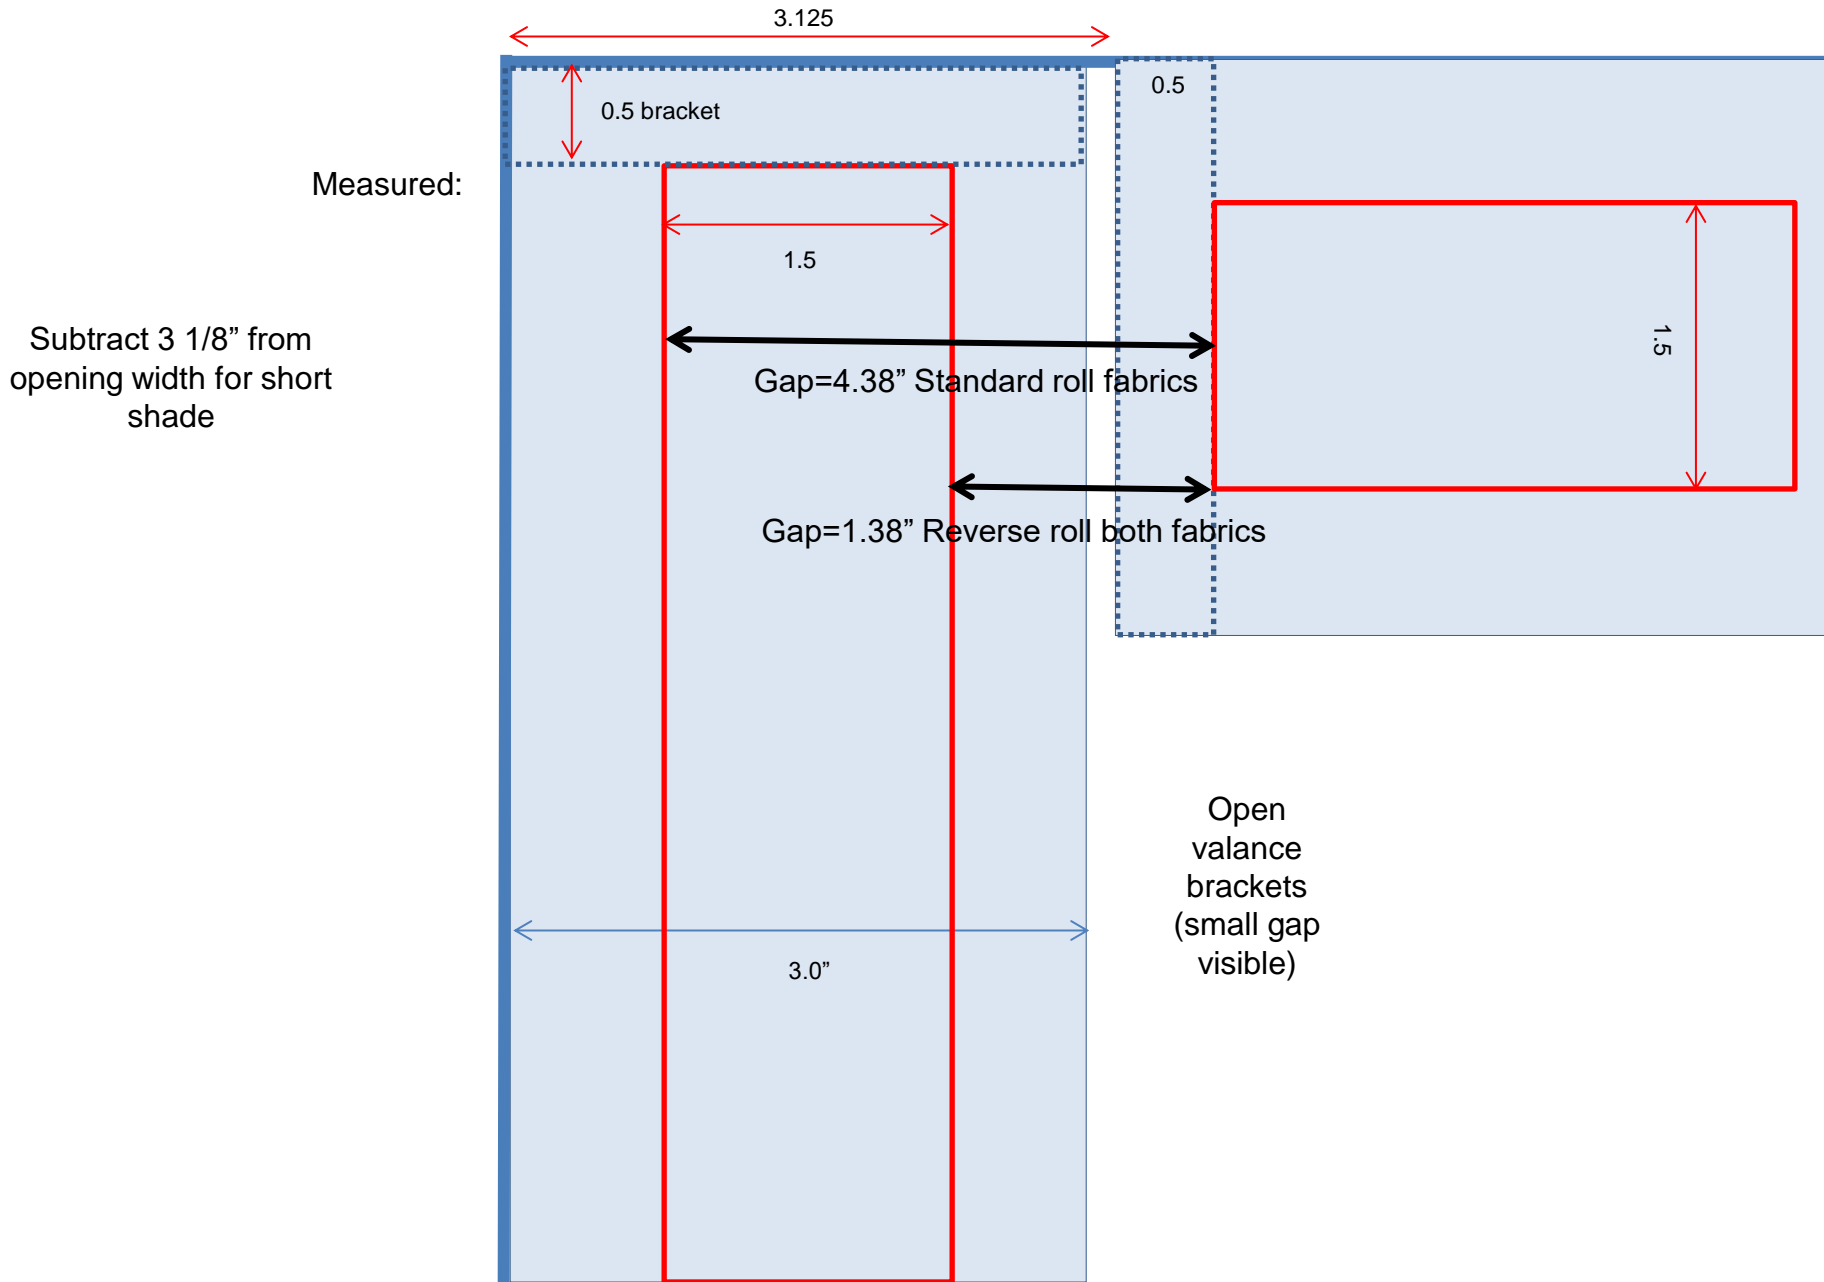

Disadvantages:

- Extra brackets for valance
- Precise measurements required
