# Find Your Ring Size

Find your ring size with a ring you already own:

1. Print this guide with page scaling set to 100% / actual size.

2. Place a ring that you own or have borrowed, over the circles.

3. Match the inside of the ring to the circle nearest in size.
The measurements shown refer to the inside diameter of the ring.

4. If the ring falls between two sizes, order the larger size.

Keep in mind that the wider the band, the tighter it may feel.
So you may want to go up by a half size for comfort.
