

Meridian Sputnik

The Meridian is our minimalist version of the sputnik chandelier. 8 arms are enough for the classic Sputnik look, yet still airy enough not to take over. This fixture is extremely versatile accommodating shorter ceiling heights, and is one of our best sellers. Each piece is made with heavy gauge solid brass and meticulously finished by hand. Our house Modern brass finish requires no maintenance, is applied right here in our shop, and will last a lifetime. This size sputnik is also available in polished nickel, black enamel and satin steel.
