

## DAISY CHANDELIER

Reminiscent of 1960's German design, we've created a timeless homage to the era by using a combination of real brass, glossy opaline glass, and hidden joints. Daisy presents a slim side profile with a burst of personality from beneath. At 22" in diameter, we love this piece in dining nooks, entry ways, wide hallways, bedrooms, mud rooms, and stair landings. Available in Modern Brass and black enamel.
