

Lipoprotein Depleted Fetal Bovine Serum

**Catalog Number    Size**

- 880100 - 1 10 mL
- 880100 - 5 50 mL
- 880100 - 2 100 mL
- 880100 - 4 500 mL

**Storage**                    < - 20° C

**Description**              Fetal Bovine Sera is depleted of lipoproteins (d = < 1.25 g/mL) by ultracentrifugation. The serum protein concentration is adjusted to approximately 35.0 mg/mL with Phosphate Buffered Saline (PBS). The product is ultrafiltered through a membrane, packaged aseptically, and frozen.

**Note:** This serum has NOT been heat inactivated.

**Source**                      USDA approved US origin Fetal Bovine Serum.

**Appearance**              Frozen liquid, straw to amber colored.

**Identity**

**Purity**                      Free of lipoproteins by agarose gel electrophoresis.

**Concentration**              Minimum 35 mg/mL

**Endotoxin**                    < 0.5 EU / mL

Analysis	Range	Result
<b>Protein Concentration</b>	Minimum 35 mg/mL	35.7
<b>Purity</b>	Free of lipoproteins by agarose gel electrophoresis.	>97%
<b>Endotoxin</b>	< 0.5 EU / mL	<0.0350

Kathy Fox

**Intended Use**

Kalen Biomedical, LLC catalog products are intended for in vitro laboratory research only. They are not intended for human or animal use, whether for diagnostic, therapeutic, or other clinical purposes.

**Limited Use License**

The purchase of any Kalen Biomedical catalog product conveys to the buyer the right to use the product in laboratory research only. The buyer may not sell or otherwise use the produce, or any materials made by use of the product, for Commercial Purposes (as defined below) without the prior approval of and license from Kalen Biomedical. By using this product, the buyer agrees to be bound by these terms.

**Commercial Purposes**

"Commercial Purposes" means any activity where the product or any material made by use of the product is sold or used for commercial gain or profit; including, but not limited to use of the product in manufacturing, use of the product to provide a service (other than contract laboratory research services), use of the product for therapeutic or diagnostic purposes, or resale of the product.
