

Warwick Halo Care Guide

Warwick Halo Care Guide

Warwick's Halo Fabric Care Kit acts as a first aid kit for Halo Fabrics. For improved cleaning results, we recommend the Halo Fabric Care Kit for use on all fabrics.

The kit consists of:

- 01 Halo Spot Cleaner for most household stains
- 02 Halo Fabric Deodoriser to help neutralise pet and general odours
- 03 Halo Fabric Protector to restore liquid repellency on fabric sections that have been spot cleaned

For more information about cleaning your furniture, contact Acorn Furniture: hello@acornfurniture.co.nz or 0800 601 701

Warwick Halo Care and Cleaning

Stain Removal From Non Liquid Repellent Fabrics:

Warwick Halo's inherent stain resistance allows easy removal for most stains from non liquid repellent treated fabric.

Stain Removal From Liquid Repellent Fabrics

Liquid repellent treated fabrics however allow immediate removal of liquid spills.

Handling Stains On Textured Fabrics

Removal of water based pen marks is possible using detergent based spot cleaners. For textured fabrics, apply cleaning agents to a clean cloth first, not directly to the fabric surface. This method will help prevent channeling of stains into the fabric textures or patterns.
