

FCC Part 15 C Notice

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions :

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Conforms to safety requirements of ASTM, CPSIA and FCC.

LIVE VIDEO STREAMING SETUP GUIDE

HD VIDEO DRONE

2.4GHz Quadcopter with Live Video Streaming and Altitude Stabilization Technology

PROPEL HD DRONE FPV APP INSTALLATION

1. Make sure you are using a compatible Android™ or Apple® iOS device.
2. Make sure your device has access to the Internet.
3. For Apple® iOS devices, within the App Store, search and select “PPL-HD Drone FPV”. Hit the Install button and the “PPL-HD Drone FPV” App should download and install automatically.
4. For Android™ OS devices, visit the Google Play store and search for “PPL-HD Drone FPV”. Selecting the “PPL-HD Drone FPV” App will download the App and automatically install it on your device.
5. After the “PPL-HD Drone FPV” App is installed, it should create an icon on your screen. Click the “PPL-HD Drone FPV” icon to run the App to make sure that it has installed correctly on your device. If not, please delete and repeat the process again.

PAIRING HD VIDEO DRONE TO YOUR COMPATIBLE DEVICE

1. After completely charging your HD VIDEO DRONE battery, install the battery to your HD VIDEO DRONE. (refer the user manual).
2. In the Settings menu of your device, locate the Wi-Fi option.
3. Turn ON the Wi-Fi option.
4. Select “Propel HD Video Drone” from the Wi-Fi list. Wait for your HD Video Drone to be connected. Return to the Main Menu.

Settings

PPL-HD Drone FPV

Note: Apple® devices require the use of iOS 7.0 or higher.
 ANDROID™ devices require the use of OS 4.2.2 or higher.

QUICK START

1. When you install the App correctly and have paired to the drone successfully, you can hit the “PPL-HD Drone FPV” App icon. Tap “START” on the bottom right hand side of the screen. You should see the real-time video from your HD Video Drone’s camera.
2. This App also allows you to control your HD Video Drone by your mobile device. To activate the control sticks, tap the “ON” button at the top right hand side of the screen. This will start the HD Video Drone’s motors and show the control sticks. You can now use your device as a traditional controller.

DETAILED APP OVERVIEW

3. Please see images below for a detailed App overview. This overview is also available under the “HELP” icon in the home screen of the App.
