

Welcome Back South families and a special welcome to our new freshmen class!!!

With over 60% participation in South athletics, our athletes are very important to the Blue Devil community. GPS offers 35 sports so there is a team for everyone.

Through the contributions of parents, alumni and the community, the Grosse Pointe South Athletic Booster Club funds many essentials and extras to help our student-athletes succeed and to get the most out of their time at South. Last year we funded new uniforms, sports and safety equipment, provided athletic training, supported much needed infrastructure improvements such as the newly restored stadium ticket booths and granted college scholarships to our student athletes.

GO SOUTH!

Bob Tiderington
President
