

**I. PRODUCT IDENTIFICATION**

**Product Name** Soothing Serum

**Company Code** SCO-4020

**Other Means of Identification** SCO-4020; Soothing Serum; After Care

**Recommended Use of Mixture** Balm after care ointment

**Supplier Details**

**Lasting Impression Inc**

**333 South Dean St**

**Englewood, NJ 07631**

**(201) 871-7388**

**info@LastingImpressionUSA.com**

**Emergency Phone Number**

**Chemtrec**

**US & Canada: 1-(800)-535-5053**

**International: 1-(353)-323-3500**

**II. HAZARD IDENTIFICATION**

**Classification of Mixture**

Not a hazardous substance or mixture

**GHS Label Elements**

Not a hazardous substance or mixture

**Other Hazards Not Otherwise classified (HNOC) or Covered by GHS**

None

**Note: When information for the mixture is not available data is supplied for the individual components. Data given for components is for 100% concentration of that component.**

## III. COMPOSITION

INCI Name	Other Names	CAS	EINECS	GHS Hazard
Jojoba Oil	Simmondsia chinensis (Jojoba) Seed Oil	90045-98-0; 61789-91-1	289-964-3	Not Classified
Safflower Oil	Carthamus tinctorius (Safflower) Oil	8001-23-8	232-276-5	Not Classified
Apricot Oil	Prunus Armeniaca (Apricot) Kernel Oil	72869-69-3	272-046-1	Not Classified
Grapeseed Oil	Vitis vinifera (Grapeseed) Oil	8024-22-4; 85594;37-2; 84929-27-1	287-896-9; 284-511-6	Not Classified
Avocado Oil	Persea gratissima (Avocado) Extract	8024-32-6	232-428-0	Not Classified
Castor Oil	Ricinus Communis (Castor) Seed Oil	8001-79-4	232-293-8	Not Classified
Olive Oil	Olea europaea (Olive) Fruit Oil	8001-25-0	232-277-0	Not Classified
Vitamin E	Tocopheryl Acetate	7695-91-2	231-710-0	Not Classified

## IV. FIRST-AID MEASURES

**Description of Necessary First-Aid Measures**

**After Inhalation** – Move person into fresh air. If not breathing give artificial respiration.

Consult a physician.

**After Skin Contact** – Take off contaminated clothing and shoes immediately. Wash off with soap and plenty of water. Consult a physician.

**After Eye Contact** – Rinse opened eye thoroughly for several minutes under running water. Consult a physician.

**After Ingestion** – Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a physician.

**Most Important Symptoms/Effects, Acute and Delayed**

None determined. See Sections 2.2 and Section 11 for more information.

**Indication of Immediate Medical Attention and Special Treatment Needed, If Necessary**

When seeking medical attention in relation to product, bring this SDS to the physician. No further relevant information available.

**V. FIRE-FIGHTING MEASURES**

**Suitable Extinguishing Media**

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Inappropriate Extinguishing Media**

No further relevant information.

**Specific Hazard Arising From the Mixture**

Carbon oxides, silicon oxides.

**Special Protective Actions for Fire-Fighters**

Wear self-contained respiratory protection device.

**VI. ACCIDENTAL RELEASE MEASURES**

**Personal Precautions, Protective Equipment and Emergency Procedures**

Ensure adequate ventilation. Avoid breathing vapours. Beware of vapour accumulation to form explosive concentrations. Remove all sources of ignition. Wear appropriate personal protection equipment. See Section 2 for list of precautionary phrases. See Section 8 for personal protection equipment.

**Environmental Precautions**

Prevent further leakage or spillage if safe to do so. Do not let product enter drains/sewers/surface or ground water.

**Methods and Materials for Containment and Cleaning Up**

Contain spillage. Ensure adequate ventilation. Absorb large spills with liquid-binding material (sand, diatomite, universal binder, sawdust). Place in container for disposal according to local regulations (see Section 13 for disposal considerations). Clean area before returning.

**VII. HANDLING AND STORAGE**

**Precautions for Safe Handling**

Eating, drinking and smoking in work area is prohibited. Wash hands after use. Remove contaminated clothing and protective equipment before entering eating area. Avoid contact with skin and eyes. Avoid inhalation of vapour or mist. See Sections 2 for a full list of GHS precautionary statements.

**Precautions for Safe Storage, Including Any Incompatibilities**

Store in original container. Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Do not fill container with anything. Do not pour material back into container after dispensing. No recommended storage temperatures for this mixture but avoid excesses in temperature and store at room temperature when feasible.

**VIII. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Control Parameters**

None

## Biological occupational exposure limits

None

## Exposure Controls

### Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practices. Wash hands before breaks and at the end of workday.

### Personal protective equipment

- **Eye/Face Protection** – Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166 (EU).
- **Skin Protection** – Handle with gloves. Suitable gloves include latex, nitrile, butyl rubber, neoprene, norfoil, and vitron, depending on extent of contact. Gloves must be inspected prior to use. Use proper glove removal technique to avoid skin contact with the product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.
- **Body Protection** – Wear impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the particular workplace.
- **Respiratory Protection** – When risk assessment shows air-purifying respirators are appropriate use a full-face respirator with multipurpose combination (US) or type ABEK (EN14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).
- **Control of Environmental Exposure** – Prevent further leakage of spillage if safe and feasible to do so. Do not let product enter the drains. Discharge into the environment must be avoided.

## IX. PHYSICAL AND CHEMICAL PROPERTIES

**Appearance** – Opaque liquid-gel

**Odour** – No data available

**Odour Threshold** – No data available

**pH** – No data available

**Melting Point/Freezing Point** – no data available

**Initial Boiling Point and Boiling Range** – no data available

**Flash Point** – no data available

**Evaporation Rate** – No data available

**Flammability (solid, gas)** – No data available

**Upper/Lower Flammability or Explosive Limits** – No data available

**Vapour Pressure** – No data available

**Vapour Density** – No data available

**Relative Density** – No data available

**Water Solubility** – Miscible

## Lasting Impression

### SAFETY DATA SHEET

After Care Line – Soothing Serum

**Partition Coefficient: n-octanol/water** – No data available

**Auto-ignition Temperature** – No data available

**Decomposition Temperature** – No data available

**Viscosity** – No data available

**Explosive Properties** – No data available

**Oxidizing Properties** – No data available

#### X. STABILITY AND REACTIVITY

##### Reactivity

No data available.

##### Chemical Stability

Stable under recommended storage conditions.

##### Possibility of Hazardous Reactions

No data available.

##### Conditions to Avoid

Heat, flames, sparks.

##### Incompatible Materials

Strong oxidizing agents.

##### Hazardous Decomposition Products

No data available. In the event of fire see Section 5.

#### XI. TOXICOLOGICAL INFORMATION

##### Acute Toxicity

**Mixture** – No data available

##### Skin Corrosion/Irritation

**Mixture** – No data available

##### Serious Eye Damage/Eye Irritation

**Mixture** – No data available

##### Respiratory or Skin Sensitization

**Mixture** – No data available

##### Germ Cell Mutagenicity

**Mixture** – No data available

##### Carcinogenicity

**IARC** – No component present at levels greater than or equal to 0.1% is identified as a known, possible, or suspected carcinogen by IARC.

**ACGIH** – No component of this product present at levels greater than or equal to 0.1% is identified as a known carcinogen by the American Conference of Governmental Industrial Hygienists (ACGIH).

**NTP EU** – No component of this product present at levels greater than or equal to 0.1% is identified as a known carcinogen by the US National Toxicology Program (NTP).

## Lasting Impression

### SAFETY DATA SHEET

#### After Care Line – Soothing Serum

**OSHA** - No component of this product present at levels greater than or equal to 0.1% is identified as a known carcinogen by the US Occupational Safety and Health Administration (OSHA).

**EU** - No component of this product present at levels greater than or equal to 0.1% is identified as a known carcinogen by the European Union (EU).

#### **Reproductive Toxicity**

**Mixture** – No data available

#### **Specific Target Organ Toxicity – Single Exposure**

**Mixture** – No data available

#### **Specific Target Organ Toxicity – Repeated Exposure**

**Mixture** – No data available

#### **Aspiration Hazard**

**Mixture** – No data available

#### **Addition Information**

No data available

## **XII. ECOLOGICAL INFORMATION**

#### **Toxicity**

No data available for mixture

#### **Persistence and Degradability**

No data available for mixture

#### **Bioaccumulation Potential**

No data available for mixture

#### **Mobility in Soil**

No data available

#### **Results of PBT and vPvB Assessment**

No data available

#### **Other Averse Effects**

No data available. An environmental hazard cannot be excluded in the event of unprofessional handling or disposal.

## **XIII. DISPOSAL CONSIDERATIONS**

#### **Waste Treatment Method**

**Product** – In most areas this product can be disposed of with normal waste. Excess liquid and combustibles may be burned in a chemical incinerator equipped with an afterburner and scrubber. Offer surplus and non-recyclable solutions to a licensed disposal company.

**Contaminated packaging** – Dispose of as unused product.

## **XIV. TRANSPORT INFORMATION**

**DOT (US)** – Not a dangerous good

**IMDG (Maritime dangerous goods)** – Not a dangerous good

**IATA (International air)** – Not a dangerous good

# Lasting Impression

## SAFETY DATA SHEET After Care Line – Soothing Serum

**ICAO-TI** – Not a dangerous good

**GEIPOT (Brazil)**– Not a dangerous good

**TDG (Canada)** – Not a dangerous good

**RID, ADR, ADNR (Europe)** – Not a dangerous good

**GGVS and GGVE** – Not a dangerous good

### XV. REGULATORY INFORMATION

#### **SARA 302 Components**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

#### **SARA 313 Components**

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 313.

#### **SARA 311/312 Hazards**

There are no hazards that require reporting under SARA Title III Sections 311 and 312.

#### **Massachusetts Right to Know Components**

#### **Pennsylvania Right to Know Components**

#### **New Jersey Right to Know Component**

<b>NJ Substance Number</b>	<b>Component</b>	<b>Other Names</b>	<b>CAS Number</b>
----------------------------	------------------	--------------------	-------------------

#### **California Prop. 65 Components**

Under normal use and storage conditions product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.
