This Limited Warranty gives you specific legal rights. You may also have other legal rights that vary by state, province or jurisdiction. The disclaimers, exclusions, and limitations of liability under this Limited Warranty will not apply to the extent prohibited by applicable law. For a full description of your legal rights you should refer to the laws applicable in your jurisdiction and you may wish to contact a relevant consumer advisory service.

1. Duration and Coverage.

One (1) year Limited Hardware Warranty. Subject to the additional terms and conditions set forth below, August provides the following Limited Warranty:

- Only to the person or entity that originally purchased the Device from August or from one of its authorized resellers or distributors; and

- Only for Devices purchased and delivered to the end user within the United States or Canada.

2. Limited Warranty.

August warrants the Device against defects in materials and workmanship under normal use for a period of one (1) year from the date of purchase (“Warranty Period”). If a Device is returned to August during the Warranty Period as provided below, and August determines that the Device is defective, August will repair or replace the unit with either a new or a refurbished August Doorbell Cam. 3. Return and Warranty Service Process.

Please review the online help resources at www.august.com/support prior to seeking warranty service. To obtain warranty service, you must first obtain a Return Merchandise Authorization (RMA) number from a Customer Support Representative (CSR) at August. Customer Support contact information can be found by visiting www.august.com/support. August may attempt to troubleshoot a warranty-related problem prior to issuing a RMA number. August may ask for additional information upon request. Issued RMA numbers remain valid for thirty days from issuance. Once an RMA number is obtained, your Device must be shipped freight prepaid, together with proof of purchase and all accessories, either in its original packaging or packaging affording an equal degree of protection, to the August authorized distribution facility identified by the CSR. Failure to return any of the accessories may result in a delay and/or result in a credit to August or an invoice for the missing accessories.

In performing warranty service, August may furnish replacement parts on an exchange basis and replaced parts will become the property of August. Replacement parts provided by August shall be new or refurbished and of comparable quality, and may be a different part that contains compatible features and functions. You will reimburse August for the inspection, testing and repair of returned equipment determined by August not to be defective or which falls under one of the warranty exclusions described below (as well as pay all shipping and handling charges). In all cases, August’s determination as to whether or not the equipment is defective and covered by warranty will be final. Any replacement equipment will be warranted hereunder for a period of one (1) year from shipment. August reserves the right to change the method by which August may provide warranty service to you, and your Device’s eligibility to receive a particular method of service.
