### Safaty

Risk of explosion and personal injury if batteries are replaced by incorrect type. Do not open, mutilate or expose to conducting materials (metal), mosture liquid, fire or heat above 54°C (130°F), inclinerate, or immerse in water or liquid of any kind. Do not short circuit. Doing so may cause batteries to leak or explode, resulting in personal injury. Spose of spent, leaking, or damaged batteries according to manufacturer instructions and localiavs. Do not mix battery types. Do not charge alitaline batteries. Battery life varies with usage. When replacing, remove all spent batteries, and do not mix old batteries with new. When device is not in use for extended periods, remove batteries to avoid leakage and store away from children in a cool, dry place at room temperature.

The August Smart Lock is not an ANSI or BHMA certified door lock and must be correctly installed and used with a certified door lock that is operating in good condition. You assume all risk associated with the suitability, installation and performance of the door lock and other third party components, hardware, software and services that you select.

#### FCC GENERAL STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

## FCC Interference Statement for Class B devices

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part IS of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following.

Reorient or relocate the receiving antenna.
Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
Consult the depler or an experienced radio/TV.

technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This transmitter must not be co-located or operating i

Radiation Exposure Statement: This equipment complies with FCC radiation exposure limits set forth for an

uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
