OPERATING INSTRUCTIONS

The multifunction button controls:

1. Power On/Off,
2. Bluetooth Pairing
3. Play & Pause of music.

- 1. Power On/Off:** Push & hold the button for 3 seconds to turn the shelf ON & OFF,
ON: The status light will turn blue and you will hear the welcome sound.
OFF: You will hear the Goodbye tone and the shelf and status light will turn off.
Reconnection: When you turn on the shelf again the shelf will reconnect to the same paired Bluetooth device as before.

Note: After disconnecting the Bluetooth device, the shelf will automatically turn off after 5 minutes non use.

- 2. Bluetooth Pairing;** press the switch button for 6 seconds. The blue status light will flash fast. Check the Bluetooth function on your mobile device and search for XS008.
When making the connection the status light will stop flashing and you will hear a ping tone.
Note: If not paired with a device the shelf will stay in the Bluetooth pairing mode for 5 minutes.

- 3. Play & Pause of music:** press the multifunction button once pause your music once again to continue listening.

Rechargeable battery: the build-in Li-ion battery ensures 24 hours of playtime. When the battery needs recharging you will hear an battery warning sound "ding-dong".

Recommended charging time is 8 hours to be full.

Note: For maximum battery life, recharge only when the battery warning sound "ding-dong" has been heard.

Charging the shelf.

Recharging can be done using the supplied 2mtr USB charging cable with any standard **USB charger (5V/1A)** normally supplied with most Bluetooth devices (phone, tablet, laptop). You can continue music playback during recharging.

Note: When charging the status light is red. And turns off when the battery is fully charged.
