

KODAK VIDEO MONITOR CFH-BVA10

A BABY MONITOR YOU'LL LOVE

The KODAK Baby Monitoring System CFH-BVA10, curated by the Tend app, is a modern-day baby video and audio monitor that takes parenting to a whole new level by helping parents stay connected to their baby while at home or away.

UNRIVALED TECHNOLOGY AND INNOVATION

Exceptional features set the KODAK Baby Monitoring System apart in a category of its own. Boasting a 180° whole room field of view with built-in de-warping, you can see the entire nursery without fish-eye image distortion. Region of Interest (ROI) video streaming comes standard as a second viewing option. ROI view crops an area of the video to provide greater detail and full HD resolution. Plus, the availability of Wide Dynamic Range (WDR), an advanced feature commonly found in commercial-grade surveillance cameras, automatically corrects scenes with extreme lighting conditions, such as intense backlight surrounding an object, to allow users to better distinguish features and shapes.

With fully secure 900 MHz transmission for 3x extended range over conventional baby monitors and a class leading signal to noise ratio, no other audio monitor offers the range and sound quality of the KODAK Baby Monitoring System CFH-BVA10. Equipped with integrated automatic gain control (AGC), the KODAK Baby Monitoring System adjusts to the sound levels in the room. Loud noises like the ring of a phone or a barking dog are suppressed so that you can hear the faintest sounds. Additionally, adjustable volume and a sound activity meter will allow you to customize your experience based on your environment. No matter where you are in your home, you'll get uninterrupted audio of everything in your baby's room.

KODAK BABY MONITORING SYSTEM CFH-BVA10

- 100% digital privacy
- HD video quality
- 180° whole room view
- Region of interest view
- Wide dynamic range
- 900 MHz extended range parent unit
- Infrared night vision
- 2-way audio talkback
- Touchless night light

TEND BABY APP

- View live video remotely via your smartphone or tablet
- Communicate via 2-way audio talkback
- Control night light and white noise
- Log your baby's sleep patterns
- Set alerts and jot down notes
- Capture snapshots and video

KODAK VIDEO MONITOR CFH-BVA10

Product Specifications

Network Interface	802.11b/g/n WLAN with 2x2 MIMO
Antenna	Internal
Network Security	WEP (40-bit, 128-bit)/WPA (TKIP, AES)/WPA2 (TKIP, AES)
RF/Wireless	900 MHz
Image Sensor	3.15 MP 1/3 inch CMOS Sensor
Lens	Focal length: 1.75 mm, F2.5
Viewing Angle	Horizontal: 180°, Vertical: 100°
IR Operating Mode	Always OFF, Always ON or AUTO
Infrared (IR)Night Vision	Two high power IR LEDs, 850nm 5 meter illumination distance
IR Cut-off Filter	Dual mode switching for DAY/NIGHT viewing
Auto IR Mode (Enabled)	Turn ON when Ambient Light is 1 + 1 LUX or less
Auto IR Mode (Disabled)	Turn OFF when Ambient Light is 3 + 2 LUX or less
Ambient Light Sensor	RoHS Compliant 560nm Luminance detector
Video Codecs	H.264
Resolution	Dual stream: 1280x720, 640x360
Frame Rate	Up to 30 frames per second
Still Image Capture	720p still capture
Electronic PTZ	Yes, 2x digital zoom
Audio Codecs	G.711, 16KHz Mono
Audio IN	Built-in microphone, -38dB +2dB
Audio Out	Yes, built-in speaker
Audio/Sensor Range	Outdoor range 200 M
Night Light	Touchless activation and dimming
Power	External AC-to-DC switching power adapter INPUT: 100-240V AC, 50/60Hz, Output: 5V DC, 1.0A
Operations Environment	Temperature: 32°F — 104°F (0°C to 40°C), Humidity: 0-90%

PACKAGE CONTENTS

- Power Adapter
- Camera Base
- Mounting Kit
- Quick Installation Guide
