Description

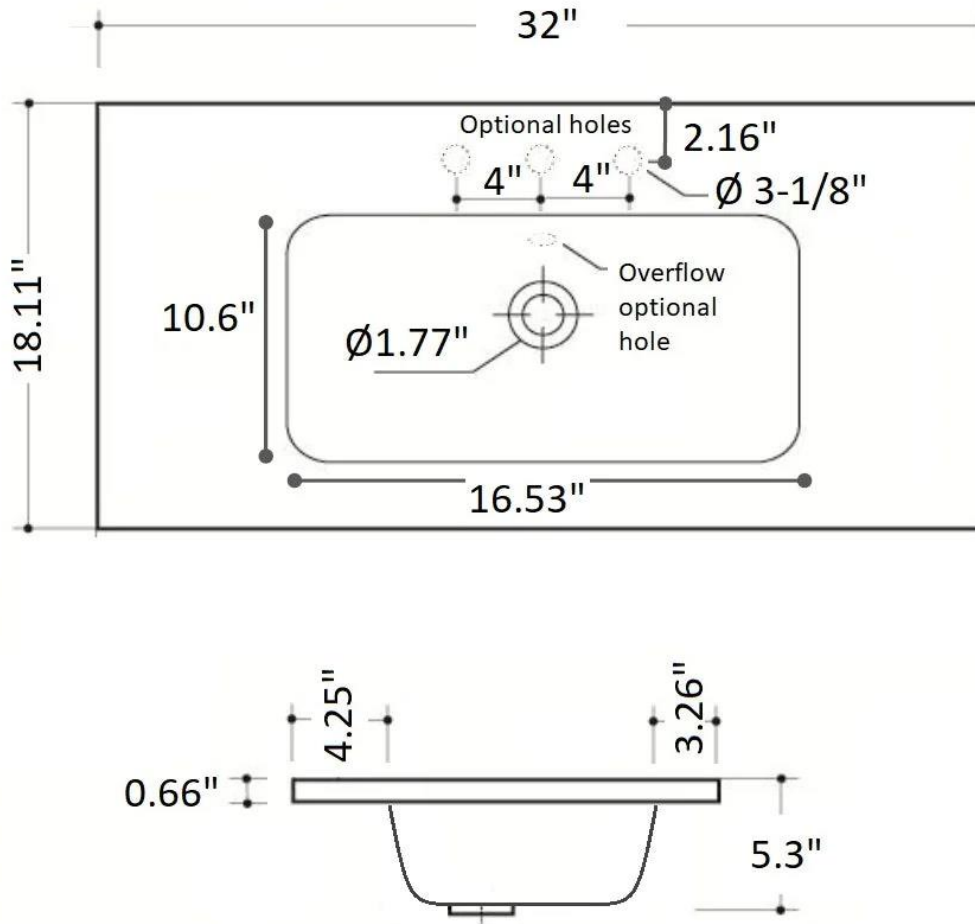

Countertop with integrated washbasin belonging to the Solid family. This family of sinks is made of high strength and quality materials composed of resins and mineral fillers. It has resistance characteristics that make it very suitable to be installed in vanities that have great use. It is available in different versions and sizes. It does not have a hole for the faucets, which makes it very versatile at the time of installation (the holes for the faucet will be made at the request of the client).

2700 SW 3rd Ave Suite 1B, Miami, FL 33129
