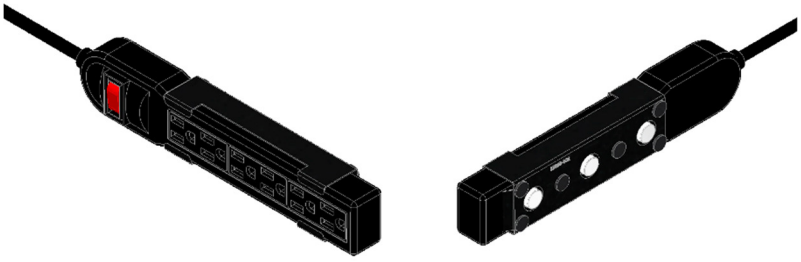
MojoDesk

Powerbar Installation Video

MAGicSnap Powerbar Installation Instructions

Part #: 15898
May 2017



1. Snap the MAGicSnap Powerbar to the desired location on your table. You may attach it to any metal surface such as the frame of your table or the MAGicSnap Cable tray accessory if purchased. Avoid attaching to the top two telescoping sections of the legs as it will interfere with operation.

*MAGicSnap Cable Tray shown in red for clarity. Actual color is black.

2. Plug the MAGicSnap Powerbar into a power outlet.
3. Press the power switch towards the reset postion to energize the powerbar. **NOTE: THE SWITCH DOES NOT ILLUMINATE**.
4. Consider managing your cables. MojoDesk accessories such as the MAGicSnap Energy Chain or Economy Cable Sleeve Kit are useful solutions to help a more organized desk.
5. Plug in your electronics and enjoy!
