

DTEN ME Pro

27" Personal Meeting and Collaboration Device

SOLUTION OVERVIEW

True All-in-One Convenience

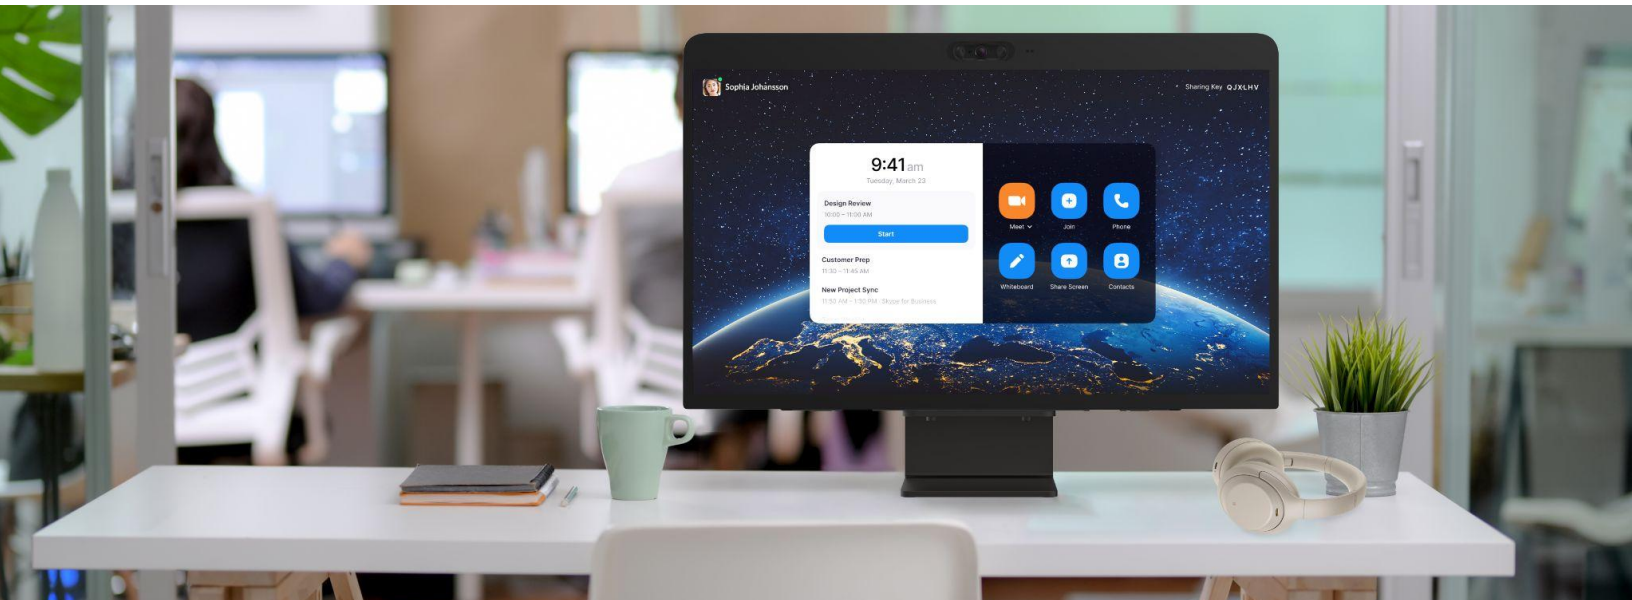

DTEN ME Pro transforms the personal workspace into a powerful all-in-one video meeting and touch collaboration command center.

Bring Your Own Meeting

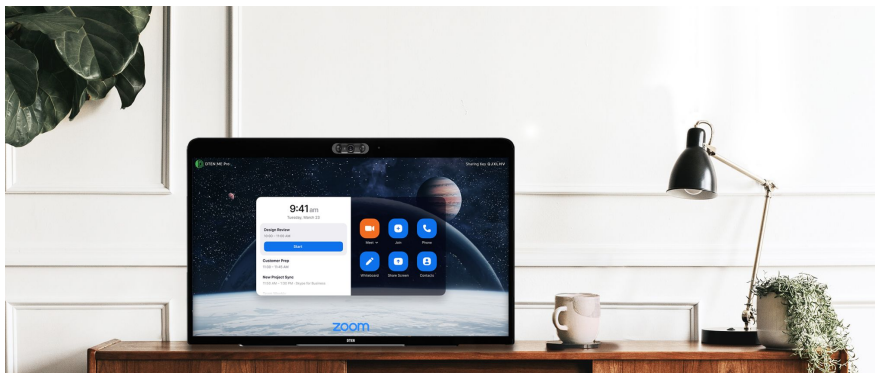

The new DTEN ME Pro allows Zoom users to leverage their existing PC or Mac to join colleagues and friends on virtually any video meeting platform.

With **DTEN Smart Connect**, easily attach the DTEN ME Pro to any PC or Mac and instantly access DTEN's award-winning 8-element microphone array, integrated cameras, multi-touch screen and speakers during any video meeting or multimedia application.

Designed for the Personal Workstation

Connect remotely with colleagues and clients and get work done faster. The DTEN ME Pro is a turnkey video communications solution that mirrors in-office collaboration technology and brings enhanced productivity to the personal workstation.

Uplevel the Daily Video Meeting Workflow

The DTEN ME Pro combines professional communication and collaboration technology with Zoom's enterprise-quality software to deliver the ideal solution for the daily video meeting workflow.

One Touch to Start:

- Phone calling
- Content sharing
- Digital whiteboarding
- Live markup and annotation of shared documents and slide presentations
- Zoom kiosk mode features

Extend the Professional Zoom User Experience to Any Video Meeting Platform

Move seamlessly from Zoom meetings to group whiteboarding sessions in virtually any video meeting platform.

With DTEN Smart Connect, access the DTEN ME Pro's microphone, camera, touchscreen display and speakers using any connected PC or Mac application.

Supercharged Collaboration

The DTEN ME Pro was built for collaboration. At 27", it is perfectly sized to fit neatly on the desk while providing a spacious touchscreen display ideal to see meeting participants and interact with content effectively.

The hyper-responsive touch display keeps up with the speed of your ideas. DTEN's built-in drawing tools make it effortless to illustrate ideas as inspiration strikes. The DTEN ME can auto-correct hand drawn shapes and lines for clarity as you draw on the whiteboard and instantly share saved whiteboards with teammates.

Key Features

- 27" Full HD multi-touch display
- No IT required. Plug-and-play ready
- Built-in Zoom meeting software for one-touch to start meetings
- Easy device management with DTEN Orbit
- 8-microphone array for exceptional audio quality
- DTEN Audio AI for background noise reduction
- Smart 3-camera array for life-like video
- Proprietary DSP for crystal-clear audio
- **DTEN Smart Connect** enables camera, touchscreen, microphone and speakers for use with virtually any video meeting platform

An Exceptional Meeting Experience

Establishing rapport, trust and genuine understanding requires attention to visual cues. The DTEN ME Pro's smart HD camera array delivers production quality video with life-like images to capture every visual nuance. So go ahead and make a great impression during every meeting.

At 27", the DTEN ME HD display lets you see everyone in the meeting so you can "read the room", interpret visual cues, and feel the energy of your guests and colleagues in the meeting.

DTEN Audio AI, based on advanced machine learning, reduces background noise and distractions so you can stay focused on the conversation. Proprietary DSP audio processing delivers crystal clear audio so you and your meeting participants won't miss a word.

Personalized for the User, Every Day or For Just an Hour

The DTEN ME Pro delivers a personalized experience for the dedicated workstation or flexible hotdesk. Simply login with your Zoom user account or pair using the Zoom Rooms app to instantly sync calendar, status, meeting settings, and phone for integrated HD video meetings, phone calls, content sharing and interactive whiteboarding.

Easy to Manage and Simple to Use. No IT Required

When the DTEN ME Pro arrives, simply open the box, take it out, plug it in, and follow the on-screen setup to get started. You can connect wirelessly or use an ethernet cable for a guaranteed connection. Connect the included HDMI and USB-C cables to use your DTEN ME your second monitor when needed, or to join colleagues on virtually any meeting platform.

For added convenience, the DTEN ME Pro can also be managed remotely through the Zoom admin portal.

Declutters and simplifies workflow by replacing:

- Desk Phone
- Webcam
- Secondary Touchscreen Display
- Whiteboard
- Speakers
- Microphone
- And all those messy cables

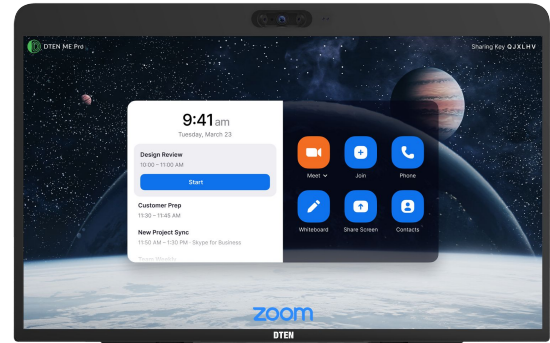

Be heard clearly with DTEN Audio AI sound suppression technology

Make a great impression with DTEN smart camera technology

Connect wirelessly and instantly share content with teammates, family and friends
