

## FAT SANTA

Barrel-Aged Imperial Stout • 10.7% ABV • 500ml

Bottle Release: December 2017

### STORY

'Twas the night before Christmas, when all through the house. Not a creature was stirring, not even a mouse...If only! The craziest time of year is just before Christmas but we wanted a Christmas beer that reflected what Boatrocker does, so it had to be barrel aged (obviously!).

We had six barrels of Ramjet sitting in STARWARD casks just waiting to be used for something... that 'something' was an inspiration from a previous Ramjet Day, TonkaJet; essentially Ramjet infused with tonka beans, vanilla beans and coffee beans. The idea was that with all these extra ingredients in Ramjet, the beer would showcase all the wonderful Christmas flavours that we love... Marzipan, dark chocolate, coffee, vanilla, red wine and whisky. The result delivered on all fronts, with a rich, full bodied Christmas beer.

### TASTING NOTES

Aromas of chocolate, coffee, marzipan, vanilla and whisky; On the palate, more of the same, with a wonderful full body reminding you that it's Christmas time.

### FOOD PAIRING

Christmas pudding with lashings custard! Or, enjoyed as an indulgent dessert itself.

### CELLARING POTENTIAL

Will reward careful cellaring – store upright in a cool, dark place. Ageing potential of 5+ years.
