

K IS FOR KINGSLEY

Australian Wild Ale • 6.5% ABV • 500ml

Bottle Release: February 2019

STORY

A few years back, you may recall that we released two barrel aged beers, Yvonne and Gaston, named after my Dad's Mum and her brother. Recently, I was reflecting on my Mum's parents, and while there's something in the works in honour of my grandmother, it seemed more befitting to release this two part Australian Wild Ale series in honour of my grandfather—George Kingsley Sutton, amateur archaeologist, gastronome, patron to the arts. Knowing his adventurous spirit, I'm sure he would have liked the beers and be proud as punch.

K is for Kingsley is an Australian Wild Ale with 100kg of hand picked fresh Morello cherries per 1000L. We began with a pale malt base beer which was barrel fermented & aged 12 months followed by ageing on fruit for a further 2 months.

TASTING NOTES

The cherries from Geoff & Evelyn Rak's farm in Wandin, Victoria have a wonderfully sharp acidity. The rich, bold fruit character is complemented by the natural acid and malt profile of the beer.

FOOD PAIRING

Would match superbly with pavlova and summer berries.

CELLARING POTENTIAL

Will reward careful cellaring – store upright in a cool, dark place. Ageing potential of at least 5 years. Will continue to develop in bottle though bright fruit characters will drop off over time.

BOATROCKER BREWERS & DISTILLERS

51 & 34 Macbeth Street
Braeside, Melbourne, Victoria 3195
