

Dual Monitor

Dual monitors are ideal for increasing your productivity as they display twice the information without having to switch between applications. However, two large monitors can take up much of the desktop space. With this dual arm monitor desk mount, you can elevate both monitors to open up tabletop space, while also improving your posture. Poor ergonomics with incorrect monitor height and angle can result in back and neck pain.

Product Code:
2MSGLP

Color:
Silver

HEAVY-DUTY AND STABLE

High-grade material C-Clamp, grommet base, and VESA plate ensures a strong and stable connection with your desk and monitor screen.

FULLY ADJUSTABLE ARMS

Maximizing our comfort and making our viewing experience as enjoyable as possible are important considerations since many of us stare at computer screens most of the day

EXTRA REACH

Arms easily adjust to support an ergonomically correct workstation; sit more comfortably at your desk while reducing neck, eye, and back strain. Gas spring Flexible & smooth movements: let you rotate, extend, swivel, and tilt any screen

Quick-Release VESA Plate
allows for effortless monitor
installation and removal

Built-in Spring Gauge
adjusted to fit various
monitor weights

High Grade Silicone Padding
prevents movement while
protecting the desktop
from scratches

Double your
efficiency and
productivity to
make working or
relaxing that
much more
comfortable.
