Short Description

Being productive and healthy at work can be tough but beneficial! With our CT2 manually adjustable desk, you can attach your own desktop surface and use the hand crank to adjust the height from 27.5" to 46.4" tall.

Description

The standing desk are manually adjustable and enable their user to work both seated and standing. These desks all have a hand crank with which their height can be adjusted. Studies have shown that switching between sitting and standing significantly reduces the risk of RSI.

Ample of Space

Ample space for your Dual Monitor Setup, and a spacious 47.2" x 23.6" top surface keeping your shoulders and neck relaxed.

Easy Hand Crank System

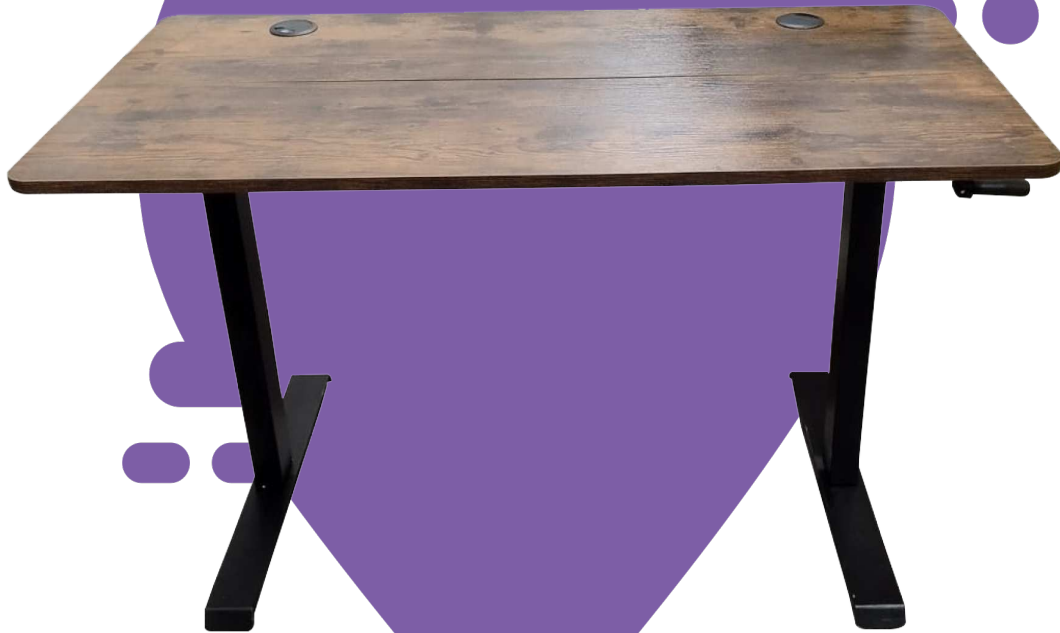

Enjoy a height range of 27.5 to 46.4 inches with this frame's manual crank system and strong legs with telescopic height adjustment. The handle is foldable to save space when not in use.

Serving our clients with excellence

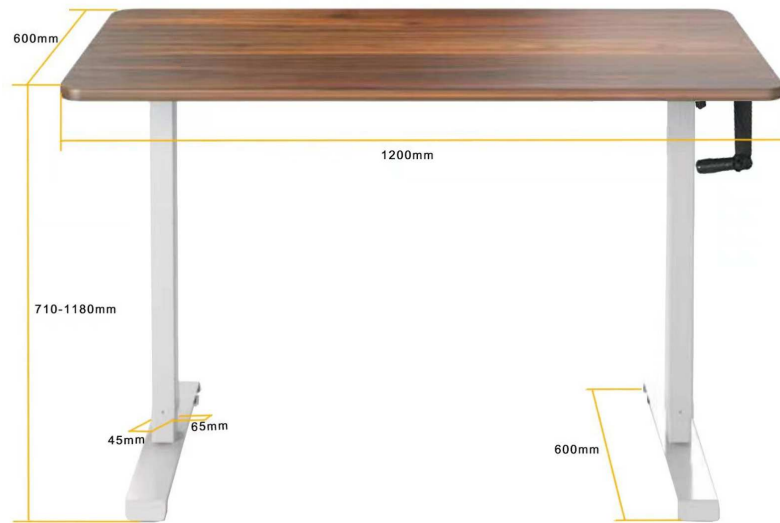

Steel base with a solid 60 kgs, 132 lbs of load capacity is designed to remain sturdy while you work. The base rises and lowers straight up and down, increasing sturdiness and saves space.

Elegant and Stylish

The square columns give this desk a modern look, which makes it suitable for all kinds of office environments. Stylish, modern, and open frame design.
