

SINGLE LCD MONITOR DESK MOUNT (EC1)

Fully Adjustable Stand

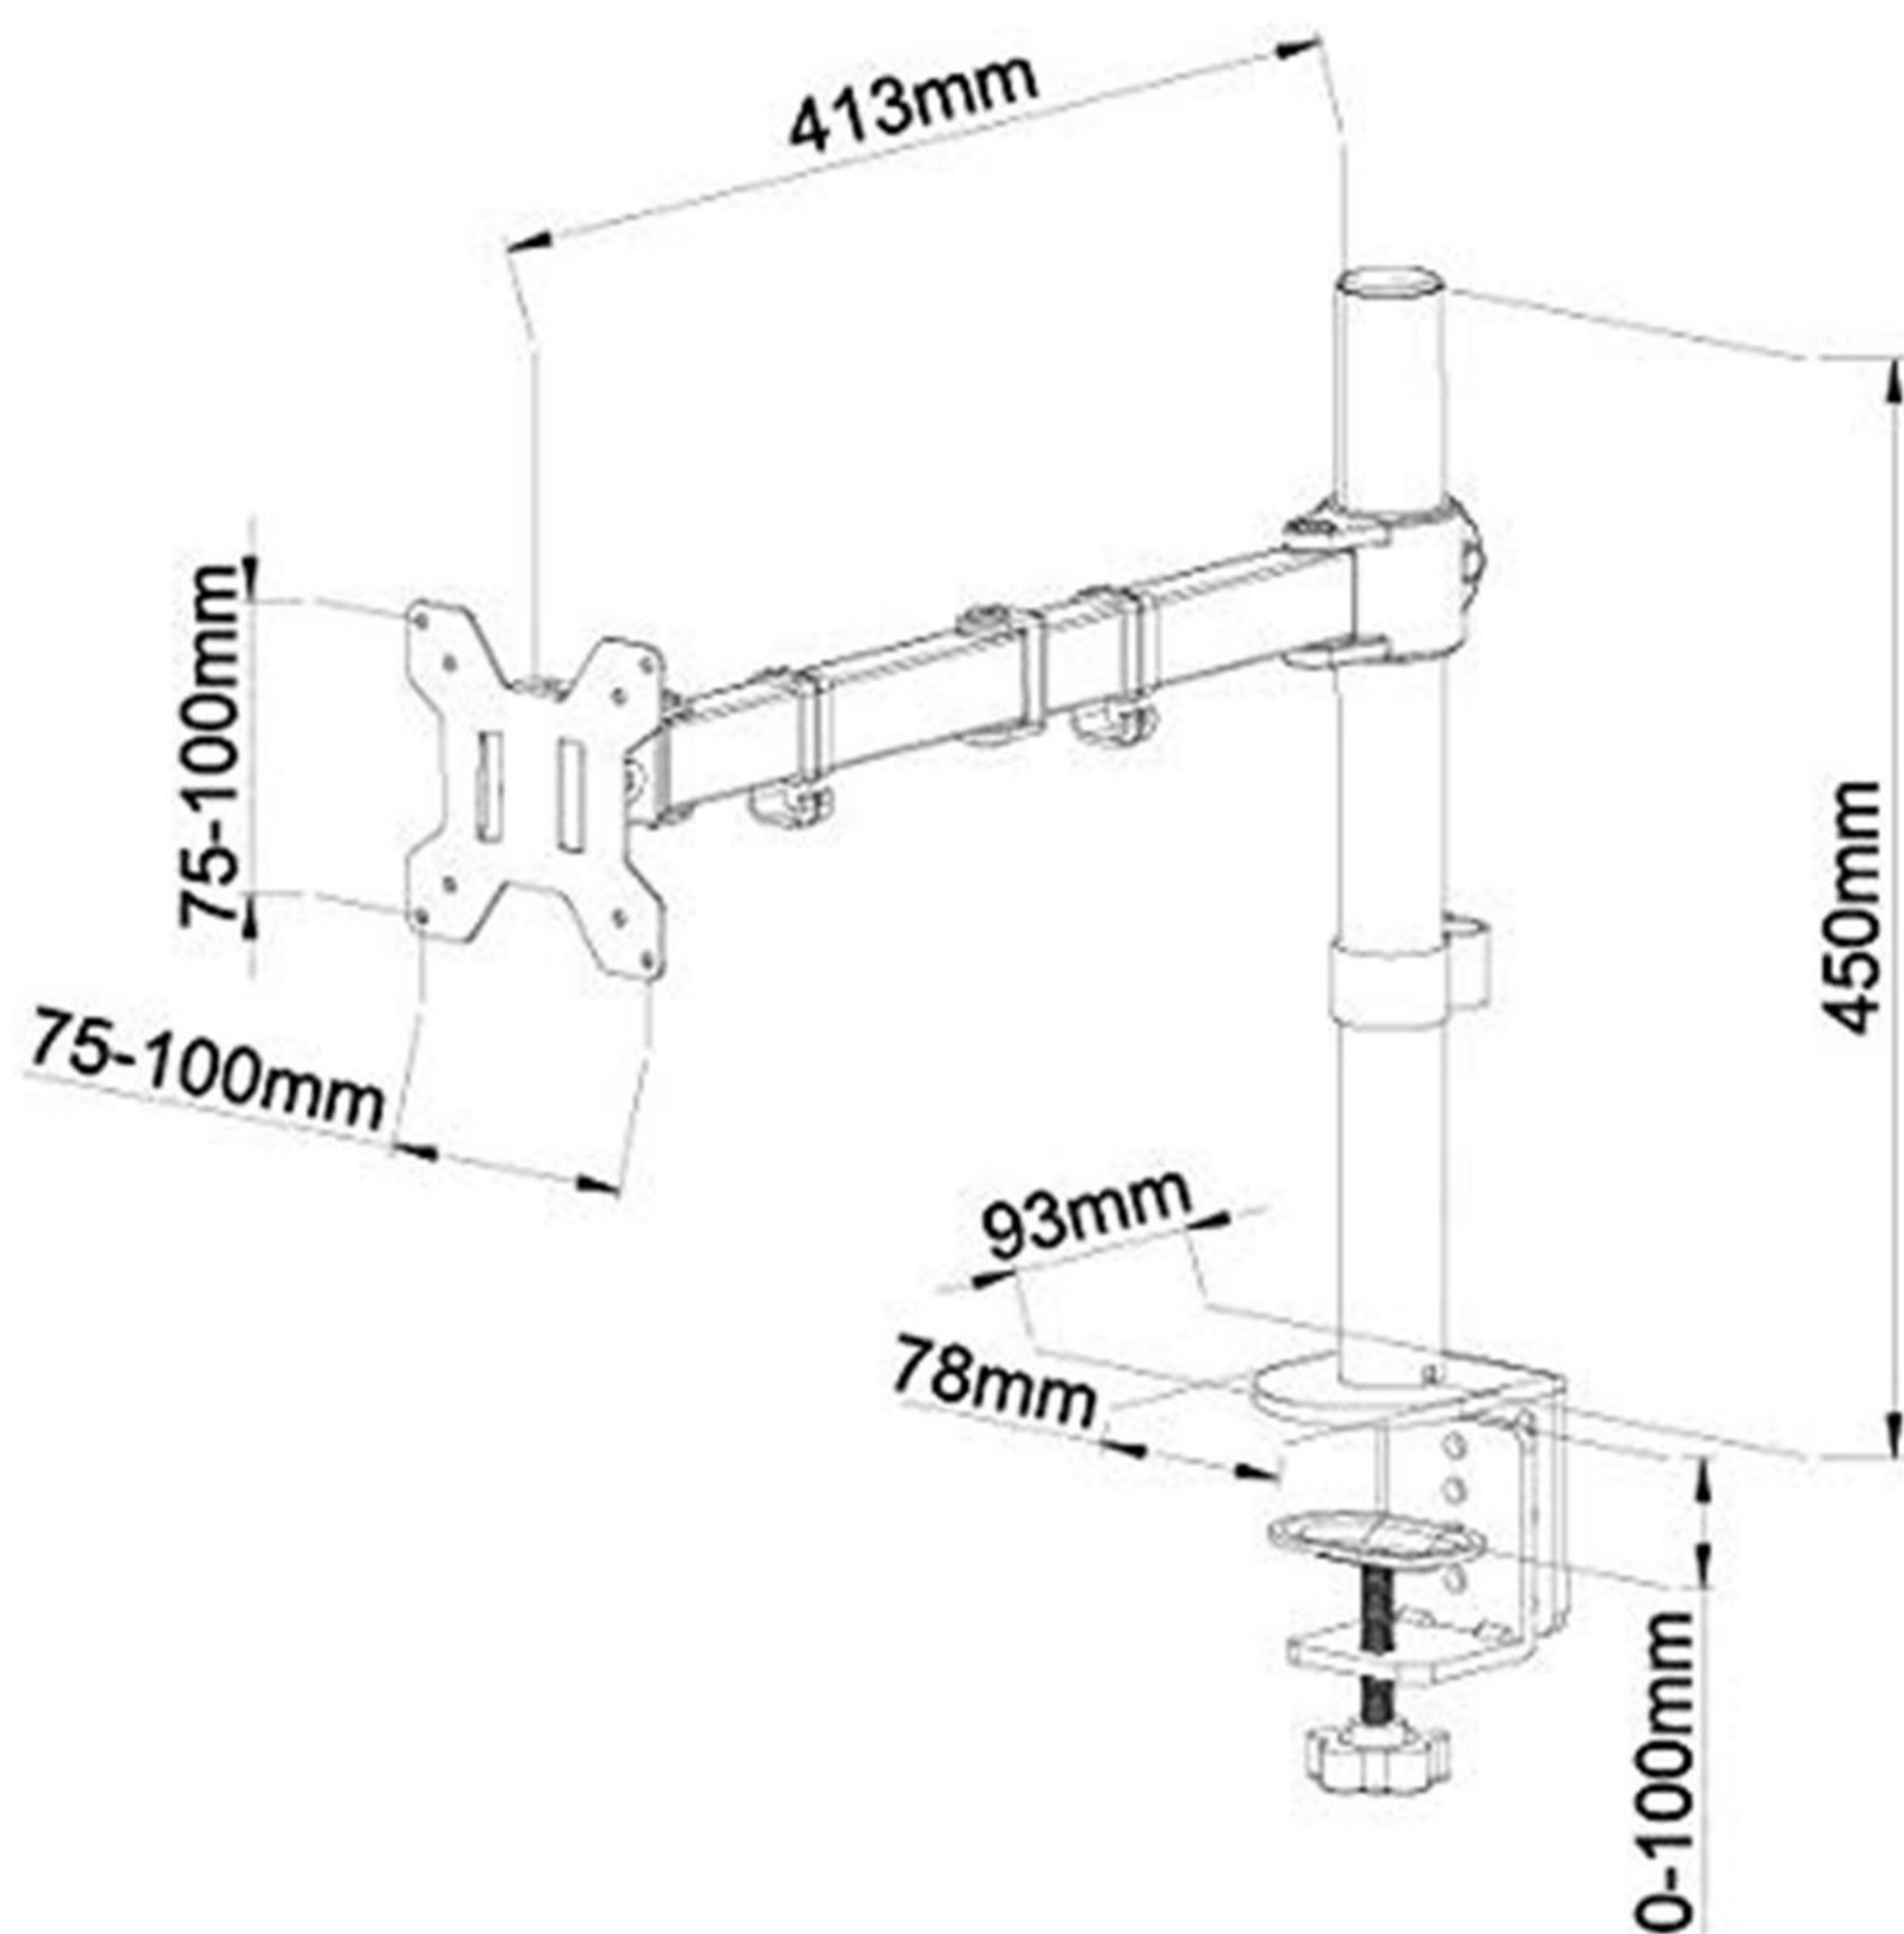

ERGONOMIC SCREEN POSITIONING

FULL ARTICULATION AND EXTENSION

Dimension

Description

The single arm mount attaches to the back of your desk, freeing up space that the original stand can take up. The sleek black finish frame constructed of aluminum steel fits any traditional or modern space and strongly secures your monitor in a suspended position for better sight alignment. The mounting bracket uses universal VESA pattern 75x75mm and 100x100mm fitting most 13" to 27" monitors up to 8kg in weight.

Features

- 1) ERGONOMIC SCREEN POSITIONING:** Raise your monitor to an ergonomic eye level position to encourage proper sitting posture and help reduce neck and back pain. Loosen the bolt on the back of the arm to raise or lower the height of the monitor along the 17" center pole.
- 2) COMPATIBILITY:** Single monitor mount fitting most screens 13" to 27" in size and 22 lbs in weight with 75x75mm or 100x100mm backside mounting holes.
- 3) FULL ARTICULATION:** Adjustable arm offers 15° tilt, 360° swivel, 360° rotation, and height adjustment along the center pole. Monitor can be placed in portrait or landscape.
- 4) DESK CLAMP:** Mounts to the back of your desk (up to 4" thick) via a heavy-duty C-clamp or screw to table top by a optional grommet mount provided in package.
- 5) STURDY CONSTRUCTION:** The high grade arms extend and retract, tilt to change reading angles, and rotate from landscape to portrait mode.
