

Universal Tabletop TV Stand - RD303

RD303 offers the Great of these two options by providing expansive shelf space and raise your TV with its built-in TV mounting bracket. This TV base is also ideal for smaller rooms, where a dedicated TV stand or entertainment centre cannot be used. Just connect this to your TV and place the stand on top of a dresser or table. Wall-mounted TVs look great but offer no storage for audio-video components, whereas classic entertainment centres do not allow the TVs to be installed high up over the shelves.
