# STEPLESS SIT-STAND DESK CONVERTER

## About Product

**SIT OR STAND** - Adjustable workstation allows you to find that needed healthy balance between sitting and standing throughout the day with ease.

**QUICK TRANSITION** - Go from sitting to standing in one ease smooth motion with strong spring force and it can stop at any level as per your comfort.

**DUAL TIER** - The lower deck holds key board and mouse side by side and raises in sync with the top surface creating a comfortable work space, plush wrist pad is included.

**ANTI SLIP** - The bottom of the base features non-slip pads that protect surfaces from scuffs and scratches.

Steel frame combined with innovative gas spring power holds weights up to 30 pounds. The frame comes in a black finish to blend in with any environment and maintain a low profile.

Gas spring lift offers smooth and easy height adjustment at the squeeze of a handle going from sitting to standing in an instant.

There are unlimited points of height adjustment allowing you to adjust to your desired comfort level. Counterbalance tension adjusts to the weight of your desk and everything on it for easy upwards movement.
