

14 Devices

CHARGING CART

and Storage Cart

Quickly access your tablets and Chromebooks with the Offex 14-Capacity Open Charging Cart. The rolling charging station stores devices while keeping them fully charged and readily available. Charging cables are neatly organized with cord clips and the steel frame provides a strong, modern appearance. This cart is ideal for any fast-paced environment that needs tablets or Chromebooks easily accessible, charged, and ready for immediate use.

ROP 14

Features:

- 

Convenient grab-and-go access for 14 tablets or Chromebooks. Sloped shelves include padding to safely store devices
- 

Steel frame. Keeps charging cords organized with two cord clips per cable
- 

Easily mobile with four casters and two locking brakes. Easy assembly.
