Video Wall Stand 9 Screens (3x3) screen array configuration is: 3 screens wide x 3 screens high.

Cable can go inside the pole

4 Electric point outlet backside on pole

Based on 180cm high pillar made out of durable aluminum, the possibilities for height adjustments are very good and it is possible to provide perfect viewing angle for both a sitting and a standing audience. This movable video wall solution creates a solution that can be used for presentations, trade shows, store or office entrances. This is a perfect solution for customers who need a mobile presentation system for VTC, digital signage applications, and more.
