

## The Coin Family

Tell your audience the story of the Coin Family...

Billy's parents had three children!

The first child's name is Nicholas, (show the nickel or slide it across the table).

The second child's name is Penny, (show the penny or slide it across the table).

Now point to the dime and ask, "what is the name of the third child?"

You will get responses such as; Diamond, Desmond, Damion or Demitrius.

When they draw a blank, tell them proudly, "Billy". They will certainly give you a blank look or a stare.

Listen closely! BILLY'S parents (emphasize Billy) and repeat the story. When they finally catch on, you can expect a chuckle and a groan.

Have fun and enjoy your story telling!
