

LOUISE ROE GALLERY – our new concept store in Copenhagen

We are expanding within LOUISE ROE and are opening a concept store and café in Copenhagen.

We have found a stunning location in one of the most iconic buildings in central Copenhagen, located at Vognmagergade. Here we will become a part of a vibrant and trendy quarter, consisting of design and fashion boutiques.

For many years it has been a dream to unfold our DNA in an exclusive and inspiring concept, and now, after several months of thoughts and work, this dream has come alive.

The store is named '**LOUISE ROE GALLERY – Concept Store & Coffee**' and will be an inspirational universe for interior and lifestyle with a focus on design experiences and pleasure.

Besides our own unique designs, we will have some of our favourite designs from brands we admire, as well as selected magazines and books. We will also create a café that offers coffee, bakery and delicious snacks. Everything in the store and café have been carefully selected with a keen eye on high quality and good craftsmanship, which matches our own philosophy on the use of genuine materials in our collections.

With LOUISE ROE GALLERY, we want to add something new to the design scene of Copenhagen with our personal style and expression. We wish to inspire our customers, both new and existing retailers, as well as private consumers, to a stylish and unique decor.

We encourage collaborations across industries, and will occasionally host temporary installations and happenings in the store.

We look very much forward to welcoming you in LOUISE ROE GALLERY, when the store opens beginning of October.
