

## **INDUSTRIAL REFRIGERATED WATER CHILLER CW-5000**

### **MAIN FEATURES:**

- Compact refrigeration type industrial chiller
- Specially designed for cooling CO2 laser tube
- High precision +/- 0.3 degree C temperate control
- Long working life and simple operation
- Equipped with compressor time-delay protection, compressor over-current protection, water flow alarm and over high / low temperature alarm
- CE and RoHS certified
- Customizable power supply: 110 V or 220 V
- Optional heater and water filters
- Refrigerant: R-134a
- Net weight: 58 lbs (26 KG )
- Gross weight: 69 lbs (31 KG)
- Dimension: 22" x 11.2" x 18"
- Compatible laser tube wattage: <= 130W
