DUAL ZONE

At KingsBottle, we know and appreciate all that goes into making a fine bottle of wine. We also know that improper storage can ruin any bottle. After all of our research we have come up with our own line of refrigerated wine coolers that combine all of the most sought after elements into one unit. We know what it takes to create the perfect wine refrigerator.

Having the perfect place to store those precious bottles wasn't enough. We wanted to make sure that every unit we crafted had a simple, sleek, and clean style that will add value to any room. Whether you want your KingsBottle refrigerated wine cooler to be the center of attention or to remain, elegantly, in the background, we have you covered.

Key Features:

- High quality compressor runs quieter and offer vibration free cooling.
- Premium digital display controllers for exceptional reliability.
- A fan-circulated air cooling system, with state of the art fans, ensure air distribution and temperature uniformity throughout the cabinet.
- Gas charged, tempered safety glass door with double UV coating to protect contents from incandescent and fluorescent lighting.
- Optimized, non-warping, hardwood shelves to fit a variety of wine bottles and maximize storage capacity..

What's new in 2017 ?

With the move to Embraco compressors, we have partnered with an innovator in the compressor industry. At the heart of our units is a leading edge compressor, produced by a company known for its quality and reliability. The result is quiet cooler with quality, stability, durability and energy efficiency. Coupled with our industry respected fans create a cooler worthy of the KingsBottle name.

Our single zone wine coolers are equipped with a premium, Italian brand Carel controller. Renowned for its reliable performance, exceptional temperature control, and precision cooling, defrosting and energy management. Our dual zone wine coolers feature a quality control board and digital display which manage the balance of separate but connected compartments allowing for wine storage at two temperatures.

The interior cabinet and wood shelves are re-designed and optimized for maximum bottle capacity with standard Bordeaux, Pinot Noir, Riesling, and Champagne/Sparkling Wine bottles in mind.

Our stainless steel model has been redesigned with a sleek and modern straight rod handle.

As a testament to our confidence and quality, our manufacturer's warranty coverage is being extended to 2 years from date of purchase.

QUALITY PRODUCTS

HAPPY CUSTOMERS

Great Product

Posted by **Unknown**

I researched many wine refrigerators and this brand had consistent good reviews and for the money I figured I can go through two of them for the price of one of the more expensive options. I took a chance and I have been happy with the product. It works well and I purchased the extended warranty which I hope will not be needed.

classy & functional

Posted by **Capt. Gary**

This is a full frills very well built cooler. Holds temps well. I am running at 56 & it stays within 3-4 of it. Drawers are wood & display very well. The 2 display racks showcase wines very well. Why they call them 100 bottle or however many bottles, is beyond me. Figure 90 bottle+, but that's fine. I have mine with the glass door in black. VERY classy look. If you are looking at a cooler in the size, for only 1 temp range, Buy This...Period. You will not be disappointed.

classy, sleek and modern

Posted by **Robert Higgins**

Bought this 100 bottle single zone cooler to use as a builtin when I remodeled my kitchen... love it!!! It looks classy, sleek and modern. I particularly like the blue LED lights...great touch for a modern system

Love it

Posted by **Unknown**

First large wine fridge I've ever purchased. It's quite, is sharp looking, it hasn't had any problems.

Wino Here..drinks well with others

Posted by **JaCar**

These are great wine cellars...we tend to buy a few cases when we find a big red that we like so it's nice having this large capacity. The only problem is that some of the pretty little blue lights on the inside didn't work; they tried to fix them but never quite got them all working at once. We love having this cooler..no more worry about hot summer days ruining our wine

Nice wine refrigerator

Posted by **Will**

Delivery of product was great. Emailed me when they said they would...followed up efficiently. Delivered on time.Wine fridge is as represented. Nice design especially like the 3 display racks as better for fitting Pinot bottles. As like every other fridge it does not fit the amount of bottles it says. I will have to take a rack or two out to fit rest of my Pinot noir bottles. Pretty much this is only reason why I can't give it five stars. It runs quietly and is very aesthetic.

Works great, looks great, wine is safe!

Posted by **Scott**

We really like our Kingsbottle cooler. It works great. The temperature is set at 55 and is always between 53 and 57, but usually right at 55. We could only fit 115 bottles in it and had to remove two shelves to fit some of our bigger bottles. It took almost three weeks to get here but the "white glove" delivery was worth it. It is a little loud when it starts up but we have it right near our chairs in the living room. We have an app "my wine cellar" that helps us keep track of where bottles are.

Fit for the Sommelier

Posted by **Unknown**

My husband is a certified sommelier and collector, and we have been looking for a good quality wine fridge of this size for a few years now. We had been using two smaller sized wine coolers, which rarely held temperature correctly. We were afraid it would ruin our wine over time, so we were so excited to hear about Kings Bottle and its high standards for wine storage. The other wine fridge companies out there simply do not offer what Kings Bottle does; the quality, reliability and beauty can't be compared. We were very pleased with the customer service, as well. The personalization was incredible, and they updated us all along the way regarding delivery, status, etc. We could not have had a more wonderful experience purchasing our wine fridge. It is the conversation starter now when guests visit, as it is a beautiful addition to the room and allows us to display our nicest bottles without having to open the fridge. The temperature holds accurately and it's truly beautiful. Highly recommend!

QUALITY PRODUCTS

HAPPY CUSTOMERS

fits perfectly under my bar

Posted by **Paul Ramirez**

This little black wine cellar was exactly what my "man-cave" needed. I'm serious about my wine so I searched high and low for the exact thing I wanted until I stumbled on this black 50 bottle dual zone cellar. It fits perfectly under my bar, which is also black, and the blue LED lights and wooden shelves really set it apart. Everyone comments on it when they come over!

Good price for what it is

Posted by **Curt Summers**

I've had this 50 bottle wine cellar for about a month and it is really good. Very quiet. Nice look and the stainless steel with wood looks great in my kitchen. Good price for what it is

Best value for the money!

Posted by **Kathleen Thompson**

I love this cooler! It was part of a built-in cabinet/rack for my husband. He is a serious oenophile. I like whites, he prefers reds. I wanted the very best I could afford. I looked at several dual-zones and read many reviews. I found Kingsbottle to be the most consistently high-rated company. From the ordering, delivery, set-up and use, this is the best purchase I could have made. I like the black, protective door, the lighting, the quiet running, and the capacity. It is very well-made. We had it installed and the only modification we did was to replace the plug end with a flat plug, as we had to use a plug on the side wall. It looks great, runs great, and we absolutely recommend Kingsbottle as the best value!

100 Bottle Wine Cooler

Posted by **eric l.**

Since my wine collection is growing I have decided it is better to own a few of the 100 Bottle Wine Cellars..

Owning 3 permits my collections to change in size and not worry if I have an issue with one cellar. I can always transfer the bottles to the cellars that are doing well.

It is a great model very adaptable for all shapes and sized bottles.

Easy to assemble and operate. Highly recommend for even the novice collector.

good looking storage

Posted by **Annette Brown**

I bought this 100 Bottle Dual Zone Compressor Wine Cooler in black for my Italian restaurant so I could display (and have easy access to) some of our most popular bottles of wine. I picked it because I can set different temperatures for the reds and white and because it has a very contemporary, stylish look with the black paneling, wooden shelves and blue LED lights. I got more than I expected for my money - this wine refrigerator looks great and is very quiet so it doesn't disturb our customers. I would suggest this fridge to anyone who wants a good looking storage option for a decent amount of wine.

Highly Recommended

Posted by **Lynne Ellis**

If you're looking for a wine cellar that will let you keep quite a few bottles of wine at different temps, I couldn't recommend this one more highly. You get a lot of value for the price. The two zones are easy to operate and perfect for keeping your whites extra crisp while just lightly cooling your reds. The black steel body and interior with classic wood shelves looks great wherever you put it and it locks up tight to keep people out - in my case, a household full of teenagers. I definitely recommend this cellar to anyone who is serious about their wine.

This cellar is a good deal

Posted **Terry Campbell**

This cellar is a good deal. It's super quiet and looks fantastic - the wood and stainless steel are seriously classy. It's also really quiet - I can hardly hear it even when I'm right next to it. I'd definitely recommend this wine cellar to anyone who needs a high capacity fridge.
