Standard vs. Luxe Offerings

Scotts Flowers prides itself on providing premium, high-quality flowers for all of our events. We are so excited to offer an upgraded luxe variant - with a larger budget, we are able to source even better blooms for your event!

Standard

- Utilizes flowers that are available year-round such as hydrangea, roses, and tulips
- Less complex design, ideal for modest settings or events with a quick turnaround.
- Arrangements are still made with all-premium florals.

Luxe

- Features more novelty flowers, such as peonies, ranunculus, anemones, etc. dependent on the season.
- More intricate designs that exude elegance and sophistication.
- Extra care and time is taken during the design process to create flawless arrangements.
