# What's old is new.

People love classic brown and black Blundstone boots. They're dry, comfortable, and just last and last.

Yes, we're happily stuck in 1870!

But every season we stitch Blundstone quality in new ways. New colours, leathers and new styles including lace-ups and heels.

Even what's old is new! Much-loved Chunk Sole and Rigger are back!

New to Blundstone?

Try one pair and you'll be a fan for life.

(Some styles are Limited Edition. Please shop early to avoid disappointment.)

# Born 1870.

Blundstone is still kicking after 150 years because Blundstone boots last.

It began in 1870, when John Blundstone first stuck a toe into the Chelsea boot pool and immersed himself in the boot trade.

Water repellent, ankle-high boots made the outback habitable, and soon became a habit unto themselves.

Early adventurers wore Blundstone boots religiously. Modern-day ones still do. Around town or in the territories, you won't find a more comfortable place to stand.

Good value, solid comfort.

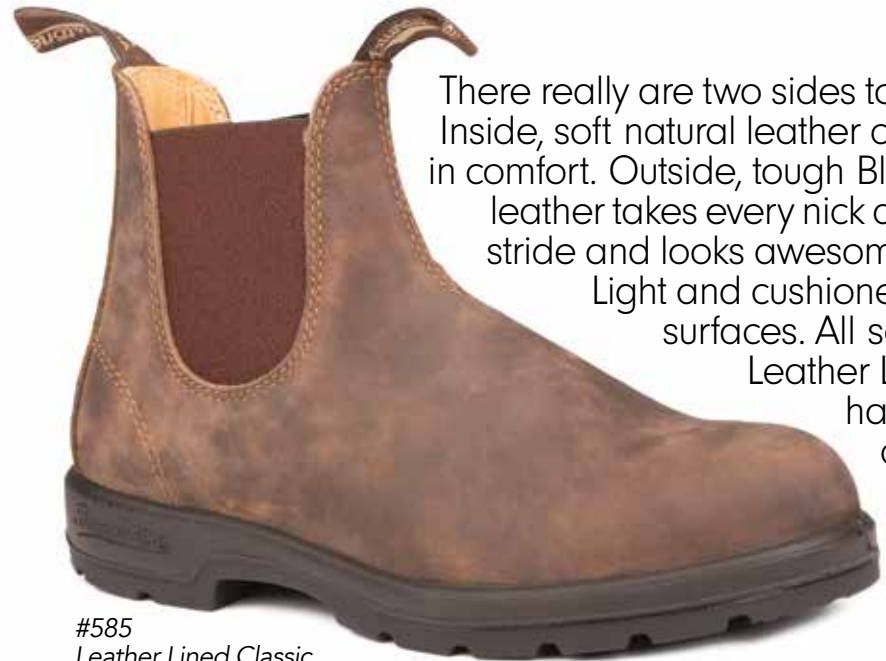

A century and a half old, yes, and still in step.

# Leather Lined Classic.

There really are two sides to this story. Inside, soft natural leather cradles feet in comfort. Outside, tough Blundstone leather takes every nick and scratch in stride and looks awesome with wear. Light and cushioned on all surfaces. All season. Leather Lined Classic has all sides covered!

# Chisel Toe Dress.

Looks aren't nothing. But they aren't everything, either. Sooner or later, the leather meets the road. Chisel Toe stomps from boardroom to ballroom to back woods with style and smarts.

Dry and sealed to the elements.

All-season comfort.

Cushioning in every step.

Pull-on, kick-off ease.

This is a boot you want to wear everywhere.

# A few points on quality.

**Radically simple construction, anatomically designed to follow the foot's natural shape.**

# Blundstone Winter.

Winter is as light as a shoe, with the cold-weather protection of a real winter boot. Thinsulate™ lining and real wool footbeds retain body heat. Winter is 100% waterproof — even the elastics! Pull-on, kick-off ease keeps slush at the door.

Warm, dry, Blundstone comfort made for Canadian cold.

Women's 6 to Men's 13  
(whole sizes only)

## Shearling Footbeds

Genuine cozy shearling  
Women's 6 to Men's 13  
(whole sizes only)

“ The shearling footbeds are soooo comfortable! This is my third winter wearing them and they are fantastic! ”

- Glen G.

## Blundstone Boot Jacks

We surprised ourselves with just how convenient these boot jacks are. Saves a lot of bending, easy on your boots.

# With a little TLC, it's not unusual for Blundstone boots to last for years.

Blundstone boots are crafted from the best available leathers and components, employing the expertise gained over 150 years of bootmaking. Leather is a natural material so your boots will benefit from the following care:

- If your boots get wet, stuff with newspaper to absorb the moisture and to keep the shape of the boot. Always dry boots at room temperature—never with, or by, a heat source!
- To keep boots weatherproof and pliable, dress the leather with a suitable wax-based treatment after cleaning. We recommend Blundstone Oily and Waxy leather conditioner.
- A mixture of one part vinegar to three parts water is a perfect natural cleaner for your boots, especially effective for salt stains.

“ Take care of your boots,  
and your boots will take  
care of you. ”

# Commonly asked questions.

## “Are Blundstone boots water resistant?”

Blundstone weatherproof leather is as water resistant as any leather can be, while still allowing the foot to breathe. If properly cared for, the leather will prevent most water penetration, keeping your feet dry. Unique Blundstone construction with a limited number of seams means few places for water to penetrate.

## “What is SPS?”

Blundstone’s Shock Protection System (SPS) disperses shock at heel strike and reduces skeletal stress. Revolutionary tests indicate that an average of 33% less shock is transmitted to the bones and joints at a walking pace. Shock otherwise would be absorbed by feet, knees and vertebrae.

## “Can I put a footbed in my Blundstone boots?”

Your boots come equipped with an extra pair of footbeds that will snug up the fit. If you don’t require the footbeds now, keep them to use as the boots stretch out a bit over time. Boots too tight? The extra foot beds may already be inside the boots. Please remove them and try on your boots again.

## “Do Blundstone boots come with a warranty?”

Yes! All Blundstone products are fully guaranteed against defects in materials and workmanship. Our warranty does not guarantee or imply an expectation of service life. In simpler terms, Blundstone products are not guaranteed for a specific amount of time. We fix what we can, and replace what we cannot. All warranty queries must be submitted from the customer’s original place of purchase, or through [blundstone.ca/warranty](http://blundstone.ca/warranty). “We stand by our products, and have been doing so since 1870.”

*Style and size availability subject to change without notice and may vary by retailer.  
Sizes listed in catalogue are listed in Canadian sizes.*

# Find your size and fit.

## Men’s

Your <b>Canadian</b> Size	7.5	8	8.5	9	9.5	10	10.5	11	11.5	12	13	14
Your <b>Blundstone</b> Size	6.5	7	7.5	8	8.5	9	9.5	10	10.5	11	12	13

## Women’s

Your <b>Canadian</b> Size	5	5.5	6	6.5	7	7.5	8	8.5	9	9.5	10	10.5	11

## Kids’

Your <b>Canadian</b> Size	8	9	10	11	12	13	1	2	3	4
Your <b>Blundstone</b> Size	7	8	9	10	11	12	13	1	2	3

## Rule of Toe:

For women **subtract 3** sizes from your Canadian size.

For men **subtract 1** size from your Canadian size.

For kids’ **subtract 1** size from your Canadian size.

It is not unusual for there to be some initial movement in the boot, particularly in the heel area. Length is the most important element when fitting blundstone boots. All Blundstone boots have reinforced toes which help keep the shape of the boot. The boots will never stretch in length; however, they will stretch and mold to the top of the feet, and will easily stretch in width if required. If the fit is initially tight on the top of your feet—be patient, it will stretch, or can be easily stretched by a cobbler.

*All Blundstone styles, aside from the Women’s Series, are unisex.  
This size conversion chart provides a simple guideline.*
