

Dear Snack Buyer,

Rule Breaker Snacks are found in thousands of retail stores across the country but I would love to be able to buy them at your store! Rule Breaker Snacks makes deliciously soft-baked better-for-you, vegan, gluten-free, top 11 allergen-free snacks. Over 32 million people in the US have food allergies, 6% of the population is gluten sensitive and millions are looking for plant-based options. This seems like no-brainer product. They're perfect for tossing in a lunchbox, grabbing on-the-go, stashing in an office drawer or keeping in a gym bag. Please help us all to #BeARuleBreaker by having Rule Breaker Snacks available at your store.

Sincerely,
