

Kakuro – Hard – Layout Samples

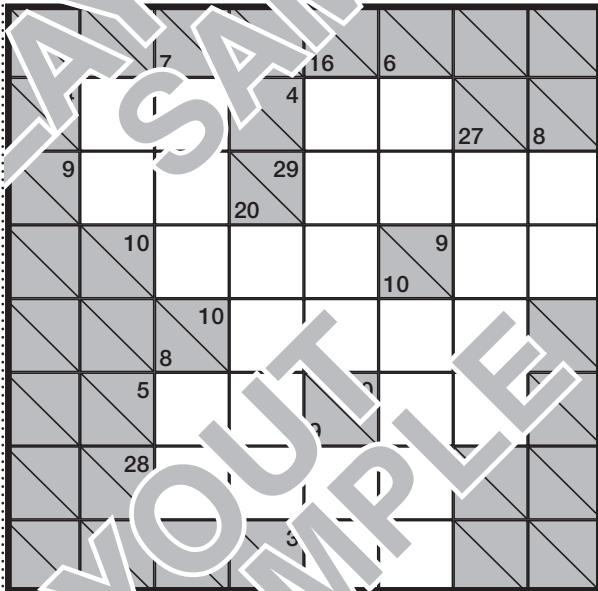

A

KAKURO

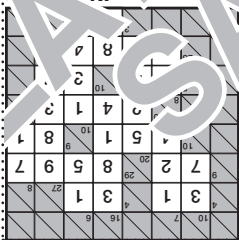

Fill in the blank squares in the grid with numbers 1-9 so that each horizontal or vertical line adds up to the total given in the box either to the left or above it.

Horizontal totals are given to the left of the grid, and vertical totals are given above the shaded boxes; vertical totals in the bottom left corner.

You can use the numbers 1 to 9, but you cannot use the same number more than once in a run. The number 0 may be used again, however, if it is the same row or column as part of another run.

KAKURO

Difficulty level: Hard

Fill in the blank squares in the grid with numbers so that each horizontal or vertical line adds up to the total given in the box either to the left or above it. Horizontal totals are given in the top right corners of the shaded boxes; vertical totals are given in the bottom left corners. You can use any number from 1 to 9, but any number in the same number run can only occur once. Any number may be used again, however, in the same row or column but as part of another run.
