

7000BU-3800IA

PROFESSIONAL STEAM BOILER W/ HIGH PRESSURE STEAM BRUSH

The 7000BU is the largest in our line-up of professional boiler units. It has become the industry standard for those seeking a high quality, large boiler unit. Paired with the 3800IA Steam Brush, it produces dry pressurized steam perfect for a wide variety of materials and applications.

Unlike a conventional steam iron, the 3800IA's unique ergonomic grip/handle can be used comfortably in any position, whether it's vertical like a steamer or horizontal like an iron. The synthetic bristles brush and steam the fabric at the same time, allowing the steam to penetrate and relax the fibers. For more delicate fabrics, we also offer a natural horse hair brush.

SPECIFICATIONS

ELECTRICAL	120V
WATER CAPACITY	2.37 GAL 9 L
OPERATING PRESSURE	Up to 70 PSI 4.8 BAR
