

# 7000BU-3900IA

PROFESSIONAL STEAM BOILER W/ HIGH PRESSURE IRONING STEAM WAND

The 7000BU is the largest in our line-up of professional boiler units. It has become the industry standard for those seeking a high quality, large boiler unit. Paired with the 3900IA Ironing Steam Wand, it produces dry pressurized steam perfect for a wide variety of materials and applications.

Unlike a conventional steam iron, the 3900IA's unique ergonomic grip/handle can be used comfortably in any position, whether it's vertical like a steamer or horizontal like an iron. The aluminum soleplate provides more heat than our 3800IA brush and allows the user to press "nooks and cranny's" that would be challenging or impossible with a standard steam iron.

## SPECIFICATIONS

ELECTRICAL	120V
WATER CAPACITY	2.37 GAL      9 L
OPERATING PRESSURE	Up to 70 PSI      4.8 BAR
WATTAGE	2 - 1200 watt each (1 spare)
STEAM WAND STANDARD	3900IA - 8.5' steam hose
OPTIONAL IRON	200IR - 7' steam hose
OPTIONAL STEAM BRUSH	3800IA - 8.5' steam hose
POWER CONSUMPTION	17 amps, 20-amp plug required
TANK CONSTRUCTION	Stainless steel
