TOMATO INFUSION - RENEWING

Our Tomato Infused Sheet Mask offers the skin many benefits but the main goal is to target skin discoloration often left behind by acne scars, skin tissue trauma, scars and cell damage. Additional benefits include: hydration, improved appearance of rough and dry skin, improved appearance of dull skin, softened appearance of fine lines and wrinkles.

HONEY INFUSION - PURIFYING

Our Tomato Infused Sheet Mask offers the skin many benefits but the main goal is to target skin discoloration often left behind by acne scars, skin tissue trauma, scars and cell damage. Additional benefits include: hydration, improved appearance of rough and dry skin, improved appearance of dull skin, softened appearance of fine lines and wrinkles.

OLIVE INFUSION - POLISHING

One of the best health benefits of olives is their role in improving the appearance from common signs of aging by softening rough, textured skin. Olives also have plenty of vitamin E in it, which is an antioxidant that helps fight free radical damages and keeps the skin healthy too. Additional benefits include: hydration, improved appearance of rough and dry skin, and improved appearance of dull skin.

ALOE VERA INFUSION - SOOTHING

Aloe vera is one of the most widely used herbal remedies for topical skin conditions. This is because the gel-like components of the plant can soothe irritation and provide cooling properties. The moisturizing effects of aloe can also help alleviate dry, itchy skin. Additional benefits include: hydration, improved appearance of rough and dry skin, and improved appearance of dull skin.

KIWI FRUIT INFUSION - REJUVENATING

Rejuvenate the skin with kiwi that is rich in Vitamin C to help brighten and folate to help improve the firmness in mature skin. These ingredients have been found beneficial in many cosmetic products as they are thought to help against certain environmental factors such as pollution and the sun. This powerful mask can help improve the overall appearance of firmness in the skin.

CUCUMBER INFUSION - GLOW BOOSTER

This Cucumber Infusion mask is designed to add radiance and glow to the skin. The benefits of cucumber extract for your skin are numerous as it is a natural super food for the skin. Cucumber is a perfect way to help hydrate dull skin. It also contains cooling properties, antioxidants, and silica which help to refresh the skin. In addition, it can help to lighten the appearance of skin and relieve it from excessive oil and clogged pores. The presence of manganese and potassium in cucumber is extremely beneficial in firming the appearance of the skin.

PEACH INFUSION - EXFOLIATING + HYDRATING

The luscious fruits within this mask are great for removing dead skin cells and regenerating skin tissues. **Exfoliates and Moisturizes**- Studies have shown that peaches contain healthy amounts of vitamins A, E and C which offers the skin hydration and improves the appearance of dull skin. **How does it exfoliate?** It cleanses the surface of your skin by removing all the dry and dead cells, which have accumulated over time. Additional benefits include: hydration, improved appearance of rough and dry skin, and improved appearance of dull skin.

BLUEBERRY INFUSION - BRIGHTENING

There are many benefits to this mask but for starters, studies have shown that blueberries contain one of the highest antioxidant levels of all fruits. Blueberries also offer amazing skin-boosting capabilities and brightening effects. Additional benefits include: hydration, improved appearance of rough and dry skin, and improved appearance of dull skin.

POMEGRANATE INFUSION - ANTIOXIDANTS

This mask has it all! **Heavy in Antioxidants**. Not only does it contain about 48% of the daily vitamin C, but also contains other antioxidants such as anthocyanins, ellagic acid, and tannins. This is amazing for improving the appearance of common signs of aging. Excellent for all skin types! Additional benefits include: hydration, improved appearance of rough and dry skin, improved appearance of problematic and dull skin.
