Multi-Tech Ink

The Best Ink for the Best Print

Lawson's NEW Dynamic Ink Series

Dynamic Ink is a premier plastisol ink designed for smooth printing and a soft hand. It flashes fast and cures at just 270°F. These opaque, brilliant colors are available in a wide variety of Ready-for-Use or Low-Bleed formulations right out of the bucket. Dynamic Ink is your premium ink choice for automatic and manual printing.

Colors shown are representational only and are not 100% color matches of the inks. Refer to PANTONE® equivalents listed or actual screen printed color charts for better color accuracy. Factors contributing to color differences with printed inks include color of garments, fabric type, substrate type, optional white underbase and double-stroking.

We Make It Simple.
Trusted Since 1949

The Dynamic Ink Series is manufactured by Multi-Tech and distributed by Lawson Screen & Digital Products. Visit Lawson's website for more information on the Dynamic Ink Series and to purchase Dynamic Ink on our eStore at **golawson.com**.

Lawson manufactures a wide variety of manual and automatic screen printing presses, exposure units, textile, UV, graphic, 3-D and industrial dryers, re-claiming sinks, dip tanks, computer-to-screen imaging devices, DTG printers, pre-treat sprayers, plastisol ink and much more.

Visit **golawson.com** for a comprehensive listing of supplies and equipment, or simply give us a call. We have a friendly staff ready to assist.
