

One-Step Clean

#195-7115

Description

Remove ink residue and the stencil in One-Step in a dip tank. Concentrated new technology liquid you mix up to 6:1 with your water for removing direct emulsion, capillary film or direct/indirect system stencils. You decide the concentration. Soak in dip tank for a few minutes and the stencil falls off the mesh when you spray it out with water. Odor-free and we add degreaser so when you rinse, you are ready to coat.

Benefits

- Strong and works on all ink types.
- Last a long time
- Mesh safe.

Aggressiveness Index: Strength ☆☆☆

Odor: No Odor

Suggested Procedures

1. Remove ink from the screen.
2. Place screen in dip tank with One-Step solution
3. Soak for 3 –5 minutes
4. Rinse thoroughly with high-pressure water.
5. Degrease before applying new stencil.

Disposal

Drain - Considered drain safe into all sewer treatments.

HMIS Ratings – 4-Extreme, 3-High, 2- Moderate, 1-Slight

1 Health 0 Flammability 0 Reactivity B Protection

Packaging: 5 gallon

Transportation Hazard Class: Not regulated via UPS Ground
